## President's Report

Congratulations to all our members who were involved in making the 2016/2017 season a great one for the Point Leo Surf Life Saving Club.

I'd like to thank all the Committee members who have worked hard to ensure the club was in the best position to deliver great results: an outstanding Boxing Day Swim event, great Nipper numbers, great results in competition, big advances in life saving skills and excellent dedication from our patrollers who have ensured our magnificent Point Leo beach has been a safe and enjoyable destination for thousands of beachgoers over the summer months. I'd also like to thank all those who have contributed their time and dedication to ensure that our club continues to go from strength to strength in delivering so much for our members and the broader community. To the members who manage Dude's Bar, operate the Nipper Day BBQ, manage the Uniform Shop, assist our surf sports through coaching, officiating and transporting, our trainers who are seeing skills raised across a range of surf life saving skills and all those who stick their hand up to help out when needed, your Club thanks you!

In the February edition of *The Mine* I wrote that the Trivia and Muso nights, summer meal specials and casual drinks at the bar had all provided plenty of opportunities for social interaction. There has been a great sense of comradeship and lots of optimism around the club which has been great to experience. Personally, I've enjoyed meeting many new members and watching past members rekindle their connection with the club.

I've had many season highlights, most amusingly the 'Keystone Cops' antics of the nippers trying to pile into the ATV for a ride to check out the washed-up whale carcass at Shoreham. My personal highlight was having a close encounter with a dolphin whilst snorkelling for some lost equipment. My most memorable experience of the season was cheering on Cath McCraith through the surf at the State Masters in Lorne, an inspirational debut performance on a surf ski! I look forward to many more such exploits in the coming year.

For the coming 'off season' I'm pleased to announce that we will see some big and positive changes at the club. With the recent installation of reticulated sewerage (thank you Southeast Water) we are now able to press on with the long-awaited stage 1 of our Future Project, the revamp of the toilets/change rooms. If all goes according to plan, this will happen over the July-October 2017 period. Thanks again to the Building Subcommittee for their hard work to date. And a very sincere thank you to the team at Cox Architects who have worked pro bono on the Future Project concepts to date and have now been engaged to provide the technical drawings for the upcoming works. Fulfilling the vision of the Future Project, allowing club members to enjoy the benefits of much improved amenities, will require substantial funds and input from our members and the broader community. We will be pursuing a multi-pronged fundraising strategy including government and member support. The speed with which we can realise the vision of the Future Project will very much depend on our fundraising success. I welcome any and all offers to help in this endeavour and of course ask that all members support our fundraising efforts – there will be plenty of opportunities. I'm sure those able to contribute will be proud to know they have directly enabled these exciting developments to come to fruition for the benefit of their families and generations to come.

Finally, I want to thank the local and other businesses that have contributed financially to the club. In particular I want to acknowledge the ongoing generosity of our major sponsor for the Boxing Day Swim, the Flinders Hotel, who have been tremendous club supporters over many years. Thank you also to our sponsors the Balnarring Branch of the Bendigo Bank and Paton Estate Agents. Vantage Fuels continue to support the club in a significant way and the club has been pleased to recognise this contribution by the addition of the Vantage Fuels logo on the rear of the Nipper trailer. I encourage all members to actively support these generous businesses.

We are looking forward to another great season in 2017/2018 and I look forward to seeing you at Dude's Bar and on the beach!

Simon Merrigan  
President

**Point Leo Surf Lifesaving Club Inc.**  
**Notes to the financial statements for the year ended 30 April 2017**

**Note 1. Statement of significant accounting policies**

**General information**

Point Leo Surf Lifesaving Club Inc. is an Association incorporated under the *Associations Incorporation Reform Act 2012*.

Point Leo Surf Lifesaving Club Inc. is an entirely voluntary organisation which provides beach patrol and rescue services, first aid and lifesaving training at Point Leo Surf Beach and surrounds.

The financial statements for the year ended 30 April 2017 were approved and authorised for issue by the Members of the Committee of Management on 2 July 2017.

**Financial reporting framework**

This financial report is a special purpose financial report prepared to satisfy the financial reporting requirements of the Australian Accounting Standards and *Associations Incorporation Reform Act 2012*. The Committee of Management has determined that Point Leo Surf Lifesaving Club Inc. (the Association) is not a reporting entity.

**Statement of compliance**

The financial statements have been prepared in accordance with the requirements of the *Associations Incorporation Reform Act 2012*, the recognition and measurement requirements specified by Australian Accounting Standards and Interpretations, and the disclosure requirements of Accounting Standards AASB 101 'Presentation of Financial Statements', AASB 107 'Statement of Cash Flows', AASB 108 'Accounting Policies, Changes in Accounting Estimates and Errors', and AASB 1054 'Australian Additional Disclosures'.

## **New and amended standards adopted by the association**

The association has adopted all the amendments to Australian Accounting Standards issued by the Australian Accounting Standards Board, which are relevant to and effective for the association's financial statements for the annual period beginning 1 May 2016.

None of these amendments have had a significant impact on the association.

## **Basis of preparation**

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money value or, except where specifically stated, current valuations of non-current assets.

All amounts are presented in Australian dollars, unless otherwise stated.

In the application of the association's accounting policies, the members of the committee are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following significant accounting policies have been adopted in the preparation and presentation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

### **(a) Property, Plant and equipment**

Plant and equipment are carried at cost less, where applicable, any accumulated depreciation. The depreciable amount of all property, plant and equipment is depreciated over the useful life of the asset to the Association commencing from the time the asset is held ready for use.

### **(b) Inventories**

Inventories are stated in the Statement of Financial Position at the lower of cost and net realisable value.

### **(c) Cash and cash equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments.

### **(d) Income tax**

No provision for income tax has been made as the Association is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

### **(e) Accounts Receivable and Other Receivables**

Accounts receivable are expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

### **(f) Revenue and other income**

Funding for Club activities comes from membership fees, donations and gifts/sponsorships from corporate benefactors.

Revenue is measured at the fair value of consideration received or receivable after taking into account any available concessions.

Interest revenue is recognised using the effective interest rate method using an appropriate interest rate.

All revenue is stated net of the amount of goods and services tax (GST).

#### **(g) Goods and services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

#### **(h) Accounts Payable and Other Payables**

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

#### **(i) Provisions**

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of amounts required to settle the obligation at the end of the reporting period.

#### **(j) Impairment of assets**

At each reporting date, the association reviews the carrying values of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the Statement of Profit or Loss and Other Comprehensive Income.

#### **(k) Current and non-current classification**

Assets and liabilities are presented in the Statement of Financial Position based on current and non-current classification.

An asset is classified as current when:

- it is either expected to be realised or intended to be sold or consumed in the normal operating cycle;
- it is held primarily for the purpose of trading;
- it is expected to be realised within 12 months after the reporting period; or
- the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- it is either expected to be settled in the normal operating cycle;

- it is held primarily for the purpose of trading;
- it is due to be settled within 12 months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

All other liabilities are classified as non-current.

#### **(l) Comparative information**

When required by Accounting Standards, comparatives have been adjusted to conform to changes in presentation for the current year.

#### **(m) Significant accounting judgements, estimates and assumptions**

The preparation of the financial statements requires the committee of management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other various factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements. Actual results may differ from these estimates.

The Committee of management continually evaluates its judgements and estimates in relation to assets, liabilities, revenue and expenses. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

#### **(n) Events after the reporting date**

#### **Point Leo Surf Lifesaving Club Inc. Statement by the Committee of Management**

The Committee of Management has determined that the Association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the Financial Statements.

In the opinion of the Committee, the financial report, comprising the Statement of Profit or loss and other Comprehensive Income, Statement of Financial Position, Statement of Cash Flows and Notes to the Financial Statements:

1. Present a true and fair view of the financial position of Point Leo Surf Lifesaving Club Inc. as at 30 April 2017 and its performance for the year ended on that; and
2. At the date of the statement, there are reasonable grounds to believe that Point Leo Surf Lifesaving Club Inc. will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the Committee of Management and is signed for and on behalf of the Committee by:

Kim Williams  
Treasurer

Dated: 2<sup>nd</sup> July 2017

**INDEPENDENT AUDITORS REPORT**

To the Committee Members of Point Leo Surf Life Saving Club Inc. for the year ended 30 April 2017

**Opinion**

We have audited the special purpose financial statements of Point Leo Surf Life Saving Club Inc. (the entity), which comprises the Statement of Financial Position as at 30 April 2017, the Statement of Profit or Loss and other Comprehensive Income, Statement of Members' Funds and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the entity as at 30 April 2017, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards (AASB's) to the extent described in Note 1 and the *Associations Incorporation Reform Act 2012*.

**Basis for opinion**

Without modifying our audit opinion, we draw attention to Note 1 in the financial statements, which describes the basis of accounting. The financial report has been prepared to assist Point Leo Surf Life Saving Club Inc. to meet the requirements of the *Associations Incorporation Reform Act 2012* under the requirements of special purpose financial reporting. As a result, the financial statements may not be suitable for another purpose.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Entity in accordance with the independence requirements of the *Associations Incorporation Reform Act 2012*. We have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Other information**

The Members of the Committee are responsible for the other information. The other information comprises the information included in the Annual Report for the year ended 30 April 2017, other than the financial report and our Auditors Report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Kidmans Partners Audit Pty Ltd

Suite 4, 255 Whitehorse Road, Balwyn,  
Victoria, Australia 3103

Postal Address: P.O. Box 718, Balwyn,  
Victoria, Australia 3103

T (613) 9836 2900 F (613) 9836 5233 ABN 46 143 986 841 [www.kidmanspartners.com.au](http://www.kidmanspartners.com.au)

Liability limited by a scheme approved under Professional Standards Legislation.

In connection with our audit of the financial statements, our responsibility is to read the other information and 'in doing so' consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Going concern**

The Members of the Committee's use of the going concern basis of accounting appears to be appropriate and based on the audit evidence obtained, there is no material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern.

**Responsibilities of the Members of the Committee and Those Charged with Governance for the Financial Statements**

The Members of the Committee are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards, and for such internal control as the Members of the Committee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Members of the Committee are responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Members of the Committee either intends to liquidate the Entity or cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud and error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Members of the Committee.
- Conclude on the appropriateness of the Members of the Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Club Captain's Report

The 2016/2017 season has proved to be a great success across all the areas the club operates in. It's always of great importance to take a moment and reflect upon the season that has passed, what worked well, what didn't and how we can improve as we move forward. This reflection and planning lays the groundwork for the next season and helps to shape how we can grow as a club. I'm going to use this report to briefly highlight the hard work of a few key members that I've worked closely with over the preceding 12 months. The club functions through the tireless work of our Executive, the Committee and the broader club membership, to whom I extend my heartfelt thanks for another very successful year on the beach.

Brittany Morgenthaler has done an outstanding job as Chief Instructor, which, in my humble opinion, is the single most important role in the club. She has worked tirelessly to ensure all of our members were requalified at the start of the season, and many were upskilled through Bronze, SRC and more advanced award qualifications throughout the season. Good on you, Britt. Keep up the good work.

Zach Richter has done a fantastic job coordinating and facilitating the patrols for this season. As I've said countless times, the Club's essential function is keeping the beach safe and we do this through our patrolling. Zach, thank you for managing this side of the club. The countless hours of paper work and coordination that go into our patrols are for the most part behind the scenes, time consuming and thankless and you've done them very well.

We had another great year in the Patrol Competition and scored exceptionally well on both inspections. Adam Lipszyc, Zach Richter, Trystan Precht, Sam Richardson, Andrew Gibson, Michelle Royal-Hebblewhite and Andy Nott (our Patrol Captains this year) have all been exemplary in their roles. I would also like to thank all of those members who consistently patrolled throughout the season. Without your support, the club would not function and it's great to see so many keen faces, both young and old, down on the beach wearing the red and yellow and doing the club proud.

Jack Patrick Garner  
Club Captain

## Vice Club Captain's Report

The 2016/2017 season was again not without its challenges in the Patrol section as we endeavoured to meet all award requirements in each of our patrol teams; however, with the persistence and professionalism of our members we showed outstanding results as a club and provided an overall outstanding service to the community. With over 6700 hours completed by our dedicated members to patrolling and water safety during the season a big thank you goes to all of those who gave their valuable time to volunteer on our beach. To those that didn't complete the minimum requirement of 16 patrol hours I encourage you to use the skills you have learned and come down to Leo and patrol with your friends next season.

I would like to make special mention of our Patrol Captains for their outstanding contribution to the club: Andrew Gibson, Michelle Royal-Hebblewhite, Sam Richardson, Andrew Nott, Trystan Precht and Adam Lipszyc. In addition to the Patrol Captains I would also like to thank the Patrol Vice-Captains for their commitment.

Legends on Patrol

When looking at the season statistics (below) it is obvious that the patrol service we offer is of great significance to the safety and wellbeing of the thousands of people visiting our beach each year. The statistics are testament to the skill, depth of knowledge and vigilance of our active members.

<b>Volunteer Patrol Statistics</b>	<b>Number</b>
Estimated Beach Attendance	14563
Total Patrol Hours Completed	4720
Total Water Safety Hours Completed	2021
Preventative Actions	544
First Aid cases during patrols	16
Members completing 16+ patrol hours	125
Members completing 1 - 16 patrol hours	106
Members completing no patrol hours	48
Members completing water safety hours	164

Congratulations to all those who participated in first aid cases. Your efforts were much appreciated by the public; we received numerous thanks from the community over the season regarding our professional response to first aid cases.

Congratulations also to Andrew Nott and Tamara Brawn who were Patrol Captains during our two inspections for the Patrol competition this year. Both teams did a fantastic job and for the second year running we achieved excellent scores for these inspections.

Zach Richter  
Vice Club Captain

## **Chief Instructor's Report**

Point Leo SLSC has had wonderful success with training and assessment at the club during the 2016/2017 season. It has been very busy and many members have achieved awards and updated their skills throughout the season.

This season we held a Surf Rescue Certificate (SRC) Camp, Adult Bronze Medallion Course, Bronze Medallion Camp, Inflatable Rescue Boat (IRB) Driver and IRB Crew course, Spinal Management course, First Aid course and an Advanced Resuscitation Techniques course (ART).

A big thank you to those members who completed the Training Officer and Assessor courses this season.

The club ran two Skills Maintenance days this season. On 17 December members were able to requal their Bronze, SRC, Spinal and ART awards. On Saturday 26 November members holding IRB awards were able to requal their IRB Crew and Driver awards. This was a big success with more than 160 participants attending these days. Thank you to the Assessors who helped on the day.

The 2016 SRC camp was a huge success. The camp was run on 10 and 11 December with 41 participants. All participants passed their SRC award and the camp ran smoothly for the weekend. Thank you to Sophie Welsh, Ellie Doherty, Sarah-Jo Mason, Alison Wood and Paul Donnelly who assisted me with the running of this course.

The annual Bronze Camp was run in mid-December with 39 participants (right). Thank you to Morgan Jones, Adam Lipszyc, Andrew Nott, Romy Lipszyc, Matthew Blair, Pat Hough and Zach Richter for assisting me with the training of our bronzies on the camp. Thanks also to Evie Wilkins, Tara Doherty, Abby Lethlean, Josh Doherty, Bella Ford and Sophie Welsh for their help during the camp. Congratulations to our new Bronze Medallion holders who are now patrolling and helping with water safety.

Andrew Gibson ran two very successful Adult Bronze courses at the end of November and early December. All 34 participants are now patrolling our beach.

The Club ran a Spinal Management course, Advanced Resuscitation Techniques course and a First Aid course this season. Thank you to Craig Stoodley and Michelle Royal-Hebblewhite for facilitating these courses. Also thank you to the trainers who helped with these courses. The increase in the number of our members gaining these awards will help to strengthen our patrols.

Blane Paton organised an IRB Crew and Driver course this season which was once again led by Bernadene Hansen. The club now has 6 new IRB Crew and 3 new IRB Drivers patrolling and helping with water safety. Thank you to everyone who supported the running of this course.

Andrew Gibson also ran an Adult IRB Crew Course this season. A big thank you to Andrew Nott for helping run this course and Bernadene Hansen for assessing our new Crew.

Thank you to all Trainers and Assessors for your help throughout the season. I am looking forward to a great 2017/2018 season with more members achieving more awards.

Brittany Morgenthaler  
Chief Instructor

## First Aid Report

This season, Point Leo members responded to and provided care for a total of 42 First Aid cases. 39 cases were minor first aid, and three were major first aid. This is down from 50 cases in the 2015/2016 season.

As in previous seasons, the majority of First Aid was actually provided outside of regular patrols, with just 16 of the 42 First Aids attended on patrol. The ambulance was called for two of the three major first aids.

First Aid Statistics for 2016/2017	Minor	Major
Nipper	11	0
Patrol / Carnival	9	0
Public	17	3
Swim classic	2	0

I commend all those who provided First Aid this season - on patrol, at competition or training, or at our events such as the Boxing Day Swim Classic. I must make special mention of the doctors we rely on so greatly for our events, sometimes in less than ideal conditions. Our strong medical support within these first aid teams is due to the hard work over many years of Assoc. Professor Kate Stern.

Thank you to all members who kept their first aid skills current this season. The public can be assured that at Point Leo they will receive excellent care. In the off season, all active members are encouraged to check and maintain their current qualifications. The Senior First Aid course needs to be repeated every three years, so if yours is due to expire soon keep an eye out for courses run across the district over the coming months.

The off season is a great opportunity for members to up-skill, so if you have considered completing your Advanced Resuscitation Techniques, Senior First Aid or Spinal Management certificates, now is the time! Not only will your skills make Point Leo a safer place, but you will develop important skills that you can transfer to all parts of your life.

Morgan Jones  
First Aid Officer

## IRB Report

Our IRB section has now reached the position we set out to achieve under the direction set by Luke Treadwell (ably assisted by Mick Treadwell) and overseen by Gary Tierney back in 2008/2009 and encompassed in the IRB Management Plan.

We now have seven motors and six hulls catering for patrols, water safety for Nippers, carnivals and IRB racing. All the equipment is in first grade condition and is now replaced according to Luke's original plan.

### **Boxing Day Swim**

The planning and precious experience now enables the Swim Classic and associated events to almost run themselves. Andrew Nott stepped into a coordinating role for the IRB support for the swim this year. The advent of course software and GPS enabled accurate laying of the buoys.

### **Training**

Our fourth year of IRB school has been run successfully, coordinated by Bernadene Hansen and Andrew Gibson with instructors Andrew Nott and Nathan Cester, assisted by Chuck Warner, Morgan Jones and Nick Woods.

This year we qualified:

Drivers: Brittany Morgenthaler, Myles Irwin and James Paton.

Crew: Ky Morgenthaler, Georgia Cassell-Ashton, Charli Cassell-Ashton, Bridget Barnes, Ella Laussen and Millie Page.

### **IRB Racing**

Our racing section continues to develop with participation from Nathan Cester and Andrew Nott with help from Georgia and Charli Cassell-Ashton, Sam Warner and Jack Cester.

IRB Crew and Driver course participants  
January 2017

Blane Paton  
IRB Captain

## **IRB Nipper Water Safety**

From an IRB point of view I would like to thank a bunch of people for helping out during the Nipper and competition program.

The program requires more than 200 person hours to run and hence some serious contribution in time and effort for a number of crew.

Andrew O'Hara and Tony Puleio were the backbone with Jimmy Paton, Sam Warner and Matt Morton crewing. They will be doing setups and driving this coming summer. Thanks also to Nick and Bohdi Woods, David (Jack) Russell, Zali Cargill, Kate Brooks, Alasdair McKenzie, Ella Swaney, Hamish Wynn-Pope and Georgia Cassell-Ashton. As usual Britt Morgenthaler, Andrew Nott and Andrew Welsh filled in at times of crisis. I am sure I have missed someone who helped out. Apologies and thanks. Your efforts are appreciated.

We had Darius Alekna and Steve Northcote join the ranks of qualified Nipper parents as crew and hope that moving forward they will drive as well, but we need a bunch more of involved Nipper parents to join the ranks for the program to grow and succeed. Please come and give it a go. It's a great perspective to see your kids train from the water and you can really appreciate how hard they work.

Chuck Warner  
IRB Nipper Water Safety Coordinator

## **Surf Sports Reports**

### **Team Manager's Report**

It was a year well-travelled for the Senior Competition team, from sunrise to sunset, Seaspray to Apollo Bay and then some. We really enjoyed the journey trying and testing these beaches which were not in our usual path. A real highlight was the weekend spent at Seaspray SLSC. It may be a

beautiful, tiny place at the end of the rainbow, but it was girt by great roaring surf. An informal Friday night race off was not for the fainthearted. Thankfully it settled to a friendlier offering on competition day. We hope to head back that way again soon. Throughout the year we worked with change as the LSV Aquatic Sports Council introduced more craft-based carnivals and Saturday competitions to offer a place for growth in opportunities for our competition. Swim, Board and Ski races are now graded over 2-3 races across divisions enabling more racing opportunities. This is fantastic for single discipline athletes and a real test of endurance for the multi-disciplined, especially our guys who are keen to have a go at everything.

We need to congratulate Caleb Gray and Isabella Austin for selection on the Victorian State Representative teams. Both athletes competed with Point Leo passion when donning the blue and white cap at Alexandra Headlands.

Samantha Howe competed on the Australian Youth Life Saving Team at the World Championships 2016 in Eindhoven in the Netherlands and won 3 Gold and 1 Bronze Medal in her individual races. An outstanding effort! She also set two World and three Australian records at the SLSA Australian Pool Life Saving Championships in August 2016. Her undeniable success in the pool has this year seen her selected for the Australian Open Life Saving Team to compete in the pool at the World Games in Wroclaw, Poland from 22-23 July.

Back home Samantha and Zach Richter both represented Point Leo SLSC at the Victorian Pool Lifesaving Championships bagging us 5 Gold and 2 Silver medals in the process.

The 2017 State Championships were held at the lovely Port Fairy SLSC. Again, at these faraway places it seems like time has stood still and there is a great vibe and excitement of an unfamiliar beach. We had so many emotional heart-stoppers over the two days. Isabella Austin U15 winning Bronze in the Iron and Surf race and then a brilliant Gold in the Board race. The multi-talented Greta Ross excelling in Beach Flags and Ski – Gold and Silver. She also gained Bronze in the Open Ski Relay with Evie Wilkins and Bella Ford. Greta was also part of the team of Zali Cargill, Amelia Ross and Caitlin Robinson that achieved a Bronze medal in the U19 Rescue Tube Rescue race. The Rescue Tube Rescue seems to be a challenge for our club – we just need a bit more practice on that carry home. Our U19 males were great taskmasters and delivered some great results. Nick Ford, Rhys Cole and Matt Graves were busy bringing home the bling, managing a mix of Silvers and Bronze in Ski, Board and Double Ski events. We welcomed back Adam Howgate from a surf lifesaving sabbatical who managed a Gold medal in the Belt race, was part of our winning Open Male Surf team and Open Male Taplin Relay team (pictured right) and then threw himself to the sand to take out a Bronze medal in Beach Flags. Josh Doherty achieved a Silver in the U19 Ironman and Gold in the U19 Belt race. Another deserving athlete is Ky Morgenthaler, who usually spends a lot more of his time on the football field, gifted us with a Silver medal in the U17 Beach Flags and Bronze in the Beach Sprint. “Our Jimmy” James Paton held a cracking pace in the 2km Beach Run, taking Gold in both the U17 and Open. There were more medals in Rescue Tube Rescue again thanks to the help of another returning champ Marco Kelsall and the always there when we need him Jack Cester. Lachie Robinson was also an integral part of our Bronze medal team for Open Ski Relay. Sam Richardson was also grinning with a Bronze in U19 Belt Race and as a member of the winning Open Male Surf team. Our very own Caravan of Courage Caleb Gray earned Silver in the Open Surf Race and Belt Race and that captivating, heart crushing, smashing win by a golden mile of the Open Ironman, which was “are you kidding us!!!!!!” unbelievably snatched from his grasp on a technical rule.

Fire in the belly saw him blaze on through with our Open Taplin Relay team to snatch a boomerang Gold medal. To our chagrin we were again faced with a DQ but, our fight not done, heels firmly in the sand, saw us safely take back the Gold - hereby now officially declared the Johnny Horwood Taplin.

In a fantastic effort at the U15 Australian Youth Championships at North Kirra Isabella Austin made it through several rounds in her events against some tough competition. A huge congratulations and shout out to Connor Ogilvie from our U14 Nippers competing in his first Aussies. This amazing young runner won a Bronze medal in the 2km Beach Run. Jesse Doherty also put in a great effort representing Point Leo in his first Aussies. We hope you all enjoyed the experience and look forward to having you on the team next season. Thank you to Paul Doherty for team managing this great bunch of athletes. Thanks to Karen Austin for braving the drive in the flooding plains to get the U15 gear up to Kirra.

Frank Christian

For the rest of us we had barely touched down at Kirra and began to celebrate the Masters top 10 efforts and Frank Christian's epic Bronze medal in the 55-59 years Rescue Tube Race, when we were struck with the underbelly of Cyclone Debbie and the floods and driving rain coming up the east coast.

We managed a day's competition before we were sent off the beach, and then called back and back again to disassemble all the tents and basically pack up camp. The whole SLSC infrastructure was disassembled. The water was deemed unsafe so we were no longer allowed to compete in water events. Fortunately we had some beach time and rubbed shoulders with the boaties in some sandy beach events. Outstanding were James Paton placing 4<sup>th</sup> in the 2km Beach Run and Ky Morgenthaler making it through many rounds to the semi-finals and to finish top 11 in the U17 Beach Flags. We threw everyone we could find into the sand. Our boys in the beach relays found they can run a formidable race, so look out! We are coming for the medals next year.

A very sincere thank you to Tracey Cester, Caterina Cester and Tamara Brawn for "always" being there to officiate for us. Their total and unrelenting commitment makes such a difference. Also thank you to Craig Ross, Di Summers, Tara and Paul Doherty and David Austin, for stepping up to assist. Thank you to the result takers as well; Lisa Cargill, Jane Wilkins, Vicki Ross, Amanda Irwin and Rachel Richardson.

Thank you very much to Nick Richardson, Haydn Tierney, Craig Ross, Jon Ford, Ash Cole, Paul Doherty and David Austin for towing the trailer. Thanks to Nick Ford for his expert trailer tetriss. And a very big thank you again to Haydn and Vantage Fuels for generously supporting our gear transport again and again. You are legend!

Without the help of officials, parents, and towing we would be unable to compete – please keep up the support of the team, it is greatly appreciated. Thank you always Andrew Gibson for helping me when it is just me and also to everyone else who has helped me along the way.

Thank you for the time and effort the coaching team has put in; Jon Ford, Travis Cargill, David Austin and Cameron McGill. Also thank you to Jon and Stacey for their fundraising work – please everyone continue to support the fundraising events as they help us with purchasing new gear and getting places and are a big part of our budget.

To all the wonderful athletes thanks for your support and another great year on the beach, meeting the challenges head on and always striving to achieve. We have had an odd year, but it has been a great year of learning. Keep rolling on and punching through those waves! Looking forward to a new year and great event at Scarborough for our 2018 Nationals. Thank you for having me on your team!

See you all next year.

Iris Cassell  
Team Manager

## Masters Report

### State Championships – Lorne

The State Masters competition is held annually at Lorne and this year a team of 13 men and 6 women lined up for Point Leo. The conditions were excellent; plenty of sunshine and a small swell made ideal conditions for the Leo team.

Marc Aliotti started the 'gold-rush' taking out the 2km Beach Run, quickly followed by Jon Ford in his Ironman race, the first event of the water program. Jon led comfortably for an easy win to take out the Ironman State Title for his age group. Leo's "elder statesman" Andrew Gibson was in top form and started his day with Gold in the Ironman – just the first of a lazy seven Golds that he bagged on the day. Hall of Famer Frank Christian also had a great 'day out' bringing home six Gold medals. Jane Starr (left) had a very successful day winning 4 Gold and 4 Silver medals. The last event of the Men's program, Beach Flags, was won by Marc Aliotti, who later admitted to having secret coaching from son Tom.

Point Leo ended the day with an amazing total of 41 Gold, 25 Silver and 6 Bronze medals across Men's and Women's competition. The Point Leo Men's team won a total of 56 medals (compared to 39 in 2016) - 35 Gold, 16 Silver, 5 Bronze. The Point Leo women's team had a medal tally of 16 (compared to 8 in 2016) - 6 Gold, 9 Silver, 1 Bronze.

The competition was a lot of fun, sometimes intense, sometimes laid back, sometimes hilarious. The sportsmanship is excellent, friendships are renewed and there are a lot of laughs as the oldies strut their stuff.

The final 'Event' of Masters is our self-catered team meeting and debrief. The competition side of this event is fantastic fun and the debrief afterwards is a highlight where competitors and supporters, winners and not, share colourful versions of heroism, personal bests and injuries and epic fails are re-lived. These are often not reflected in the medal tally, but are really why we're there!

The Leo Masters team is on a high and everyone who participated this year will be back again at Lorne in 2018. We need more swimmers, runners and paddlers and cordially invite new Masters into the fold! We finished second overall to Mordialloc for the second year running! We need to get more runners and sprinters to drag in some points and challenge for first place.

Andrew Gibson  
Masters Competition Coordinator

### National Championships - North Kirra

The Point Leo Aussie National Masters Team was small in number but big in events on the Gold Coast this year. Old diehards Frank Christian and Ian Knight were joined by young colts Jon Ford and Frank Braun across two days of elite masters competition against legends past and present!

Day one saw the events commence with the team 'swimmers' making their way through heats and finals. Frank Braun came 17<sup>th</sup> in the 45-49 Men's Surf Race whilst in the 55-59 Men's Surf Race Frank Christian took 7<sup>th</sup> with Ian Knight a smidge behind in 8<sup>th</sup>. It was great to see top ten results first up for the diehards.

Next event was the Rescue Tube races. Again, Frank Christian and Ian Knight got through heats and semi's to represent Leo in the final. Ian managed a strong 7<sup>th</sup> however in yet another flying finish to the line Frank mowed a superhot field down to win an Aussie Bronze....a wonderful follow up to his medal winning efforts the year before.

Young Jon Ford then took on all comers in the 50-54 Ski Race cruising through his heat to the final resulting in yet another top ten result for Leo when he finished 9<sup>th</sup> in the final and right on the pace. Jon, as young guys do, then backed up for a tilt at the Ironman final. After scorching through the early disciplines Jon came home in an awesome 10<sup>th</sup> place in Oz – super solid effort!

To finish day one, Jon and Frank Christian entered the challenging board rescue, however they were just pipped on making the final.

Day two the Men's 150+ Surf Teams of the two Franks and Knighty made their way through some hot heats to the final. The team swam a solid, consistent race all finishing in line with each other. A magnificent effort to come 6<sup>th</sup> as the oldest team in the race was well received by all and, as often is the case, just a few points off the medals. Well done lads!

Next up was the Taplin relay – an event Leo rarely makes an appearance in let alone does well in at national masters level. After making the final last year could they do it again? A hard heat saw Jon (Ski) , Frank Christian (board) and Ian (swim) make the final and after a wonderful last up effort the boys pulled in 12<sup>th</sup> in the country...an excellent effort against some super strong teams.

The Masters love representing Leo and whilst lots of fun, it is important to thank Iris Cassell for managing the oldies for the Aussies and all year along, with many other unsung heroes who help out along the way.

It was great for Frank Christian to win another medal for himself and the club and hopefully all four from this year PLUS MANY MORE we be on the line for the Aussie Masters in Scarborough in 2018.

Go Leo!!

Ian Knight

## **Head Coach Report**

The competition section has developed a new model for collecting and analyzing data for 2017. Unfortunately the spreadsheet was not fully operational in time for completion of this report. The club's States results were affected by the location (Port Fairy being a very long drive from Point Leo) and date (clashing with a major swimming event). Aussies water events were cancelled due to conditions from the cyclone apart from the first day where a number of team events were held.

Nevertheless some outstanding results were noted - none more so than Point Leo winning, for the first time in its history, the Male Open Taplin Relay. This achievement exceeded our goal for 2017 of medaling in the event. Congratulations to Caleb Gray, Lachlan Robinson, Adam Howgate, Matthew Graves, Joshua Doherty and Rhys Cole. The Open male and female athletes excelled in many events, earning medals in a range of other team and individual events. Caleb Gray comfortably won the Open Male Ironman but was unfortunately disqualified (a lesson that he and the club have learnt from). These results demonstrated a greater level of athlete resilience under pressure on the back of a number of years focusing on developing this attribute.

Samantha Howe is to be congratulated for again making the Australian Life Saving Team heading to 'The World Games' in Wroclaw, Poland from 22-23 July 2017.

The club is working hard over winter to develop strategies to increase competition success in Nippers that translates to greater numbers coming through to Senior competition. This will be critical in ensuring the strength and depth of the competition team for years to come.

A full description of the factors that led to this success is provided below.

## **Surf Sports Training program**

A comprehensive training program was provided for Point Leo athletes including:

- Senior ski sessions (3 per week – Jon Ford)
- Development ski sessions (1 per week – Paul Doherty)
- Senior board sessions (2 per week – David Austin)
- Senior iron sessions (1 per week – Caleb Gray)
- Development board sessions (2 per week – Travis Cargill)
- U11-13 board sessions (2 per week – Nick Clarke)
- Senior run sessions (1 per week – Nick Ford)
- Martha Cove kayak/ski sessions (2 per week – Jon Ford and Bella Ford)
- Main Ridge gym sessions (2 per week – Nick Ford)
- Beach sessions (1 per week – Matt Blair)

Strategies from the Head Coach to maximise effectiveness and engagement with this training program included:

- A complete periodisation schedule for the season with a greater focus on fitness and commencement of speed training later in the season
- Greater engagement of the squad with gym resulting in improved strength, power and speed (as measured by gym performance and maximum speed during training)
- Over 30 “sample” training sessions for board and ski for each period of the training season for use by all coaches
- Manage the Coaching team to ensure the highest quality training program is provided
- Communicate with all athletes on a regular basis regarding training sessions and any modification by Team App
- U17/19 athletes regularly competing in Open during the carnival season to develop high level skills and experience
- Skills sessions for board rescue, rescue tube rescue, belt and relays
- U19/Open athletes competing regularly at the Summer of Surf interstate carnivals
- Successful running of the Surf Sports Camp at Lorne in September 2016 with Jett Kenny and Jamo Porter (right) coaching Nippers and Seniors
- Successful running of the Ali Day training weekend at Point Leo in January 2017 for Nippers
- Engagement of Trevor Hendy to provide advice regarding elite athlete mentoring
- Closer monitoring and specific treatment of injuries (using Justin Moar from Lifecare Frankston) resulting in fewer significant injuries than 2015/2016

### Plan for 2018

- Further refinement and improvement of the Surf Sports training program including:
  - Commencement of a tailored gym program catering for skeletally immature (as per 2017) and also elite U19/Open competitors developed by Peter Gargiulo (ex Australian Kayak Team Development Coach)
  - Cameron McGill supporting Paul Doherty commencing development ski at Martha Cove from August 2017 (12 year olds and up)
  - Strengthening the collaboration with Patterson Lakes Canoe Club and Cameron McGill's kayak squad
  - High level ski technique sessions for experienced paddlers using Peter Gargiulo (already commenced fortnightly)
- Equipment purchases (new BOS double ski and Kracka board rescue board) to allow elite U19/Open competitors to target high level Aussies results
- Employing a range of further strategies to enhance fitness, skills and speed including
  - Downwind and “sawmill” sessions
  - More regular training at Big Left and Gunnamatta

- Surf Sports Program training camp on the Gold Coast for Nippers and Seniors in September 2017 with Trevor Hendy, Ali Day, Harriet Brown, Jett Kenny and Jamo Porter
- Continuation of the above successful strategies

### **Competition culture**

The competition team has demonstrated a positive, supportive and collaborative culture during training and competition. This is reflective of strong leadership, reinforcement of the Point Leo Code of Conduct, social/camp based activities to build relationships, coaches providing meaningful and positive communication at least once with each athlete at each training session, the club's athlete mentoring program, encouraging members to participate in the Surf Sports Program for fitness even if they don't want to compete and transparent implementation of the Senior Selection Policy.

This positive competition culture has been noted and commented on by many people external to Point Leo.

### **Athlete recruitment**

Further efforts were made to recruit athletes including:

- Running a camp for Boronia Swim Club athletes; 9 of whom went on to obtain their Bronze Medallion and patrol/compete for the club
- Supporting the competitive transfer of 3 high level athletes from Mount Martha SLSC to Point Leo

### **Plan for 2018**

- Conduct a mailout to swimming, kayak and running clubs encouraging participation in the Surf Sports Program
- Extension of the Patterson Lakes Canoe Club collaboration including participation in the 5000m time trial and some marathon events
- Sam Richardson to pursue collaborations with swim clubs
- Conduct a Cadet Camp in July 2017 to facilitate transition from Nippers to Seniors
- Cadet ring around
- Masters ring around

### **Coaching development**

A formal coaching development program continued through 2016/2017 including:

- Identification of potential coaches
- Support to complete the Level 1 Coaching Course
- Regular discussion with coaches and the Head Coach regarding conducting training sessions
- Provision of written training session plans for all coaches
- Ring around of nippers parents to identify skilled and enthusiastic Activity Leaders

The Junior coaching program (using our senior athletes as coaches) continued with Bella Ford, Caleb Gray, Nick Ford and Rhys Cole providing coaching for many of the Board and Ski sessions.

Matt Blair continued his outstanding work as Beach coach and provided a program that enjoyed high level participation over the summer period.

The plan for specific competition areas includes the following leadership roles

- R&R – assistance needed
- IRB – Nathan Cester and Iris Cassell
- Lifesaver Events – Andrew Gibson
- Pool – Iris Cassell
- Boats – assistance needed
- Beach – Matt Blair

The Surf Sports Program and competition section had a fantastic year in 2017 and is looking forward to addressing identified issues to build a bigger and better result for 2018!

Jon Ford  
Head Coach

## Junior Surf Lifesaving Program

This was my first season as Junior Life Saving Program Coordinator and I confess, I wasn't sure what to expect. Actually, I was scared! But what I found was a group of enthusiastic, happy Nippers and energetic, engaged parents and volunteers who make the program just work. Walking the beach and seeing so many happy children, parents and volunteers was an absolute privilege.

Nipper warm up run

The weather Gods shined on Nippers this season with perfect conditions almost every day over the intensive program during the summer holidays. In these perfect conditions our Nippers developed their confidence and abilities on land and in the ocean - swimming, paddling, running and completing surf education skills sessions. These skills are the foundations of life saving. They help our children be healthy and safe and start teaching them skills to help others. Nippers also provides opportunities for Nippers to make friends, have fun and challenge themselves in carnivals against the State's best.

This year we were also fortunate to be visited by Chloe McCardel, the 21 times swimmer of the English Channel and holder the of the world record for the longest ocean swim (124.4km), and Ali Day, an amazing Ironman and legend of the Coolangatta Gold. Their stories were a real inspiration to our Nippers.

For our most enthusiastic Nippers training started in September 2016 and continued through to March 2017. The Lorne Board Camp was a great success, providing Nippers with an early opportunity to learn new skills, make or renew friendships and build training loads. My thanks to Jon Ford and all the other volunteers, coaches and helpers who made the event successful. My particular thanks to Nick Clarke for his enthusiasm and energy running competition training for Nippers under our Junior Surf Sports Program banner.

This year our competition team attended carnivals at Cosy Corner, Ocean Grove, Mt Martha and Hampton and the State qualification carnivals at Chelsea and Lorne. We also sent a strong team of Nippers to the Junior State Life Saving Championships in Warrnambool where they had fun and tested themselves against more than 1500 competitors. Congratulations to all Nippers who participated and gave their very best individually or as part of a team. I was proud of the many fantastic achievements by our Nippers and the way they conducted themselves on the beach.

The popularity of surf lifesaving is evident from the growing number of Nippers attending carnivals. Of course, popularity can try everyone's patience on the beach and I know LSV continues to explore ways to improve the carnival experience. Stay tuned! Thanks to all the parents for their commitment, dedication and patience supporting their children and other Nippers at these carnivals.

Congratulations to our Club Captains – Nathaniel Clarke and Bella Warner – and Vice Captains – William Laussen and Grace Handley. They did a fantastic job as leaders of our club. We thank all the Under 14s for their enthusiasm and contributions to Nippers and hope that we continue to see them at and around the club.

A Nippers lifesaving journey does not end at U14, nor stop at the gates of Point Leo. Nippers can continue in lifesaving and obtain their Surf Rescue Certificate, Bronze Medallion, learn to crew IRBs,

train and compete in senior competitions, volunteer to patrol the beach, help with Disabled Surf Day or Multicultural Day or simply give back to the Nippers program by participating in water safety or as an activity leader. Life Saving Victoria also offers development and leadership opportunities for our Nippers, for example, the U13 and U15 Development Camps, and the Champion Junior Lifesaver Award. I encourage our Nippers to take advantage of these opportunities.

With over 460 enrolled Nippers, it is only through volunteers that our program can function or even exist. Volunteers are the true spirit of our program. On any given Nippers day we have a multitude of parents and volunteers helping out in a wide variety of roles - Age Managers and Assistants, Activity Leaders, Coaches, Competition Team Leader, Water Safety Coordinators, Water Safety, First Aid, Beach Set Up volunteers, IRB Drivers and Crew, Uniform Shop volunteers, Surf Ed Teachers, Gear Stewards, Surfguard Data Administrators and BBQ helpers. Thank you to everyone who puts up their hand – you are all simply amazing. My special thanks to Sarah-Jo Mason for all the support she gave me during the season, and particularly for stepping in and putting in enormous hours to help with the Competition Team.

To those parents who haven't yet volunteered, please don't be shy next year. We need you to volunteer to help in any way you can!

Under 10 Girls

This season our Nippers made new friends and learned about keeping safe in the water and importantly, had FUN in a safe and inclusive environment! To all our Nippers – keep up the swimming over winter and I look forward to seeing you on the beach next season.

Richard Hoskins  
Junior Surf Life Saving Coordinator

## Cadets

This year was another big one for the Cadet section, with involvement from a broad range of people in lots of different activities.

My favourite thing about Point Leo is its commitment to fostering a warm and inclusive culture. This season, I was very proud that all Cadet activities could contribute to this cultivation of such a good environment.

It was really pleasing to see so many Cadets providing water safety for the Nippers. The Nippers program cannot run without water safety, and everyone is very grateful to those who volunteer their time in order for the program to run. Not only does water safety give the Cadets an opportunity to practise their skills, it also gives the Juniors positive role models and an opportunity to see the 'big kids' in action. As always, our freshly minted Bronzies were keen to put their new skills into action and were very heavily involved in providing water safety. Our strong participation in this fundamentally important area of life saving continues to grow.

This year's Multicultural Surf Day (right) was another huge success, largely due to the Cadets who came down and helped out. Our Cadets were warm, welcoming and encouraging, fostering a supportive and friendly environment for our multicultural guests. Once again, a huge thank you to everyone who was involved – whether they donated wetsuits, manned the barbeque or provided water safety. We are so incredibly proud of this day and the positive impact it has on both the Cranbourne kids and our Cadets. It's such a special day, with the Cadets shining in their roles as water safety educators and connecting meaningfully with the Cranbourne kids. We get to hear their stories and understand that despite very different circumstances, we have more in common than we think. I hope that everyone who was involved is incredibly proud of their achievements, and is excited to be involved next year.

This season saw the hotly anticipated return of the Point Leo Trivia Night (left). Twenty-two teams packed into Dude's Bar seeking eternal Trivia glory. While only one team can win, it was really positive to see everyone come together to have a good time and support the club. Hayden Rydberg's hosting skills were as impeccable as ever, and Nick Woods' specially curated cheese plates kept everyone in good humour. In addition to being a great social event, we were also successful in raising money for the Cadet section, which will be put towards future Cadet initiatives.

The competition team had another immensely successful season, and watching the team continue to grow is an absolute delight. A more comprehensive report of their successes is featured in the Team Manager's report. I congratulate every member of the competition team on their efforts. Not only is Point Leo carving out a reputation as being a highly skilled and highly trained competition team, but they're also developing a reputation as being a supportive and inclusive team that celebrates every member.

Next year, we're looking to increase participation in water safety and patrols, encouraging younger members to gain further awards and build on their skills. Patrolling and water safety are fundamental to a lifesaving club, and we're really keen to get everyone involved in upskilling and ensuring that our patrols are both well-attended and well-skilled. The introduction of overnight patrols has really helped patrol group bonding, and we're excited to translate this comradery into well-skilled patrol groups. Next year is shaping up to be another exciting year, and we're excited to see the continued development and expansion of the Cadet section. As always, if you have any ideas about how we can make the Cadet program a more interactive and collaborative program, please let us know.

See you on the beach,

Sophie Welsh  
Cadet Coordinator

## **Gear Steward**

As a club of more than 1,000 members, Point Leo SLSC is obliged to maintain a vast inventory of equipment in order to meet the club's patrol, training and competition needs. Maintenance of this equipment and purchasing of new equipment follows a familiar rhythm each year. Patrol, Rescue and First Aid equipment is assessed over the winter months in advance of the LSV Gear Inspection in October. Damaged equipment is repaired, obsolete equipment is discarded and replacement

equipment sourced. Considerable effort is required to satisfy SLSCA prescribed equipment guidelines in order for us to successfully pass Gear Inspection and be well prepared for a season of patrols.

Board camps are usually held during the September holidays where Cadet boards and Nipper boards are required. Up to 30 Cadet boards are needed for this camp and preparation for camps requires many hours of repairing previously damaged boards during the winter months. Each year, new boards are purchased to increase our stock of boards but a considerable amount of time is spent on reviving older boards to provide for an expanding training program. Repair and maintenance of these boards further intensifies once Nippers and Seniors summer training commences. Nick Clarke undertakes the majority of board repairs and repairs up to 50 boards in a season. The magnitude of this task cannot be understated and Nick's generosity is greatly appreciated.

There were several significant new equipment purchases over the season. A new Kawasaki Mule ATV was purchased to replace our aged and beach-worn Mule. This new Mule is more refined than its predecessor and is equipped with anodic corrosion protection to better withstand the challenges of salt and sand. The old Mule is to be stripped down and galvanised over winter in preparation for a supporting role next season.

This season a Public Access Defibrillator was installed at the clubhouse near the entry door. This was made possible through a successful grant application and is a welcome addition to our First Aid capabilities.

As a volunteer organisation we rely extensively on the generosity of members to provide their time and resources. The Legends patrol was very active over summer and conducted several mini-working bees where equipment and club house maintenance was undertaken. Thank you to this dedicated band of volunteers for the multitude of tasks completed.

Increasingly we require off-site storage for some of our larger equipment during the winter months. A big thank you to Ashton and Amanda Woolley for allowing us to use their shed to store the Nipper trailer and old Mule. We are still in need of some off-site storage space and would like to hear from any members who may be able to assist.

### **Acknowledgements**

Thanks to Andrew Gibson, Blane Paton and Morgan Jones for the many hours spent preparing equipment for Gear Inspection and then the continued maintenance throughout the season. Thanks to all the Coaches and Activity Leaders who continue to push the message of expected board and ski care.

Andrew Welsh  
Gear Steward

## **Clubhouse Report**

The big Clubhouse story from 2017 is the decision to upgrade and rebuild progressively over several years, starting with replacement of the change rooms in 2017.

The Club didn't hold a formal working bee this season, but three Legends patrols did a great deal of cleanup and maintenance work. As always, Lifesaving Victoria President and jobaholic, Tom Mollenkopf, was at the forefront, wielding his chainsaw and scrubbing brush with wild abandon. Prominent as always were Nick Watson, our 'go to' man for plaster repairs, Michelle Royal-Hebblewhite and Andrew Welsh (obsessive cleaners) and Nick Clarke who can fix anything. Thanks to all Legends who brought their skills (or lack of) to Clubhouse maintenance.

This season there were three 'big deals' that greatly improved Clubhouse operations (and reduced my workload):

### **We got sewered!**

Most seasons we have about six blockages in the septic tank system, usually requiring urgent deployment of a plunger in unsavoury conditions and on one occasion, removal of some flushed tracky-daks from the pipework. With the new sewer connection we had zero blockages.

### **Nick Woods – Summer Caretaker**

Nick moved in and assumed control of all the minor day-to-day annoyances (broken fridges, blown fuses, dead rodents, lost keys etc.) while still keeping our exuberant members to a basic level of decorum. Nick and Elisa also donated a replacement freezer when all our ice-cream melted.

### **Rob and Deb Howell – Winter Caretakers**

The Winter Caretakers look after the bins, the cleaning, security, unlocking and Rob does anything and everything he is asked.

### **Solar panels**

The panel installation doesn't rate as a 'big deal'. It has largely gone unnoticed but our panels just keep generating away in the background, reducing our power bills and our carbon footprint. Well done Michael Treadwell who organised the grant and the installation.

### **Lockers**

After a few thefts the previous season we installed lockers and bag racks. The lockers are equipped with power so electronic devices can be charged with security. Members can set their own lock combination. Uptake of the lockers has been limited.

### **Muso Night stage**

Muso Night shifted downstairs, which was very successful. We constructed a removable stage that will do for years to come. No-one fell through.

Here's a list of some of the other jobs we completed:

Plaster repairs upstairs, stairwell, bunkrooms	Grease trailers	Lubricate locks
Prune overhanging trees	Repair and lube tents	Repair and replace shade sail Wombat Alley
Replace smoke alarm batteries	Fit key safes/locks to containers	Repair locking system
Trim ti-trees	Pressure clean urinals	Fit locks to trailers
Clean windows	Cardboard to recycling (5 trips)	M Bunk roof leaks
Clean sliding door tracks	Relocate Chin-up bars	Fly screens
Clear drains north door	Long chin-up bar	Main door lock
Repair bunkroom exit alarm	Bunk repairs	Update Honour Boards
Various door repairs	Training room bench	Junk to tip
Supsquatch rack	Roof flashing	Carpark potholes bitumen
Brace IRB rack	Lube hitches and jockeys	Lube gym gear
Gym downpipes, roof leaks and graffiti	Raise pavers at footbath	Pad trailer racks
Wash spit-roaster	Spring clean kitchen	Manhole cover storm drain
	Replace freezer	Carpet steam clean

Andrew Gibson  
Clubhouse Administrator

## **Flinders Hotel Point Leo Swim Classic**

There was a record number of entrants in the Boxing Day Swim Classic 2016, with 580 people signing up for the various events.

We continue to enjoy great support from those who sponsor the event, including Flinders Hotel, Bendigo Bank and Paton Estate Agents, and whilst we were promised a good day in the mid-30s, the weather kept to tradition with the Leo wind and shore break failing to disappoint.

A big thank you to all who helped out, from those sorting out entries and T-shirts (Brooke Mollenkopf, Jessica Lightfoot, Kim Williams, Iris Cassell, Cath McCraith, Michelle Ford and the team), the set-up/pack-up crew (Marc Aliotti, Mark Lethlean, Adam Francis, Nick Woods, Simon Merrigan, Tom Mollenkopf and co), first aid team (Morgan Jones and his merry band of medico's), ceremony team (Stacey Lethlean, Tamara Brawn and co), food organisers (Kim Aliotti, Alf Treadwell), water safety personnel (Andrew Nott, Adam Lipszyc, Blane Paton, Richard Ellis, Andrew Gibson, Andrew O'Hara,

IRB folk, bronzies, SRC's), pre-entrant bag packers (John Horwood, Max Jeffrey and team), t-shirt designer/organiser (Haydn Tierney), those who manned the front gate (Young and Forrest boys) and miscellaneous role fillers (Tara Doherty, Luke Treadwell, Max Jeffrey, and many more), it was terrific to see so many people turn up and lend a hand in whatever capacity they could. Particular thanks to 'Uncle Doug' Woolley who has been our starter for many years but who has now fired his last shot.

Aside from promoting the Club and encouraging people to become active, the goal of the day was to raise money to fund Point Leo SLSC's contribution for the construction of the all abilities access ramp to the beach. We are very happy to announce that we were successful in reaching our funding target and we are now looking forward to progressing discussions with the other organisations involved in the initiative. Thanks again to those who helped make the day a success - with the return of Andrew Welsh and Kate Stern, this year's event promises to be even bigger and better! If you would like to lend a hand in helping to organise the event, or have any suggestions/improvements (including sponsorship suggestions), please send me an email: [mick.treadwell@gmail.com](mailto:mick.treadwell@gmail.com).

Michael Treadwell  
Co-ordinator

## **Gary Tierney Foundation**

### **The Past Twelve Months**

The Gary Tierney Foundation has continued to provide financial support and guidance to enable younger members of Point Leo SLSC to fulfil their potential in surf lifesaving.

Through the 2016/2017 season, grants or other funding assistance totalling \$7,500 was given to club members, comprising a payment of \$1,500 to Sam Howe to assist with travel costs involved in competing in the national team at the World Titles, annual Fellowship grant payments of \$5,000 and a \$1000 contribution towards the costs of those club members competing as teams in the 2016 Coolangatta Gold.

Over the period, the Foundation held a number of fundraising events: the annual Point Leo Family Walk, a Gala Dinner at the clubhouse, and a raffle and wine auction in conjunction with the Fellowship Award Presentation in January. These activities were complemented by generous donations from a number of people associated with the Club.

Having reached its target of a capital base of \$200,000, the Foundation's Advisory Board has maintained a relatively modest approach to fundraising, seeking to ensure that the corpus remains intact, while being able to gradually grow its grant program and other support.

### **Financials**

At 30<sup>th</sup> April 2017, the Foundation bank balance stands at \$220,451. At the same time in 2016 it was \$209,742 – an increase of \$10,709 over the period. Income to the foundation related to \$10,875 from donations, \$2114 from fundraising activities and \$5,220 being interest from the bank account and term deposits. As outlined above outgoings of \$7500 were payments to club members in line with the Gary Tierney Foundation's Governance Charter.

### **Gary Tierney Foundation 2017 Fellows – Brittany Morgenthaler and Andrew Nott.**

Our 2017 Fellows are Brittany Morgenthaler and Andrew Nott, two young members who started with the club as Nippers and who have both taken on leadership roles in Club lifesaving activities. The Fellowship award presentation took place on 13<sup>th</sup> January.

Brittany holds the position of Chief Instructor, a demanding role that has seen her organise and lead the SRC and Bronze Medallion Courses in the 2016/2017 season, with all participants qualifying. Britt has also organised and been involved in a number of other member's lifesaving award courses and is also a Patrol Vice-Captain. Andy is a Club Vice-President and Committee member, a Patrol Captain and has involved himself in IRB activities within the club – water safety, training for competition and assisting with Driver and Crew award courses.

Brittany and Andrew have each demonstrated their commitment to lifesaving and have genuine potential to make a valuable contribution to the Club and to lifesaving.

Previous recipients of Fellowship Awards are:

- 2011 Lachlan Pearse
- 2012 Victoria Roadnight and Tom McFarlane
- 2013 Rose Anderson
- 2014 Jack Garner
- 2015 Bella Ford and Zachary Richter
- 2016 Caleb Gray.

From Left: Bella Ford, Haydn Tierney, Caleb Gray, Mark Tierney, Andrew Nott, Brittany Morgenthaler and Louise Tierney.

### **Fundraising Activities**

A new activity on the social calendar this year was a Gala Dinner, which was held in the clubhouse on Saturday 3<sup>rd</sup> September 2016.

Over fifty guests came together for an outstanding evening of wonderful food, fabulous wines and great company. Funds raised were targeted for the travel costs of Samantha Howe who had been selected in the Australian Youth Lifesaving Team competing in the World Lifesaving Championships in Eindhoven, Netherlands, and to contribute to the cost of entering two Point Leo SLSC teams in the 2016 Coolangatta Gold. With the help of Eugene Mori and Ben Dowling, our chefs for the night, we were able to secure donations and support from a number of generous individuals and local establishments: Malcolm English from the Somers General Store and Cafe, George Pitta from High on Fruit in Hasting, Pier 10 Restaurant and Cellar Door, Haydn Tierney and Vantage Fuels, Damien Mori and Greg Bloom from Lion and Ritchie's IGA Balnarring. Our thanks go to each of these great supporters and to our 'mature' stalwarts and young club competitors who put in so much effort.

On Saturday 26<sup>th</sup> November 2016, the Point Leo Family Walk, a season opener for club members, family and friends was held. Those who attended enjoyed a great afternoon, first at the Tierneys' in the Point Leo estate, before moving on to the Merrigans' in Western Parade and finally back at the clubhouse for dinner. Our thanks to Louise Tierney, to Jessica and Simon Merrigan, and to Alf Treadwell and his cohorts who raised a sum of \$1,114 for the Foundation.

We were thrilled to have a special guest speaker, Ali Day (left with Brittany Morgenthaler and Andrew Nott) from the Surfers Paradise SLSC, at this year's Fellowship Award Presentation. Ali is four time and current Coolangatta Gold Champion, 2014/15 Nutri-Grain Ironman Series winner and current Qld Ironman Champion. Ali also contributed over the previous two days in a coaching clinic with the club. Ali outlined his journey in surf lifesaving starting from his early days at Kiama SLSC right through to his current membership at Surfers Paradise. He spoke frankly about some of his setbacks with injury and illness, but his words and actions (his training schedule is unbelievable) are

proof of his belief that “you only get back what you put in”. The raffle and wine auction on the night also raised \$835 for the Foundation.

### **Gary Tierney Foundation Governance**

The Gary Tierney Foundation is managed by an Advisory Board consisting of Tom Mollenkopf (Chairperson), John Horwood, Simone Munro, Ian Knight, Richard Batchelor, Lachlan Pearce, Andrew Mansour and Haydn Tierney. The Foundation's Patron is Louise Tierney. Over the past 12 months the Advisory Board has met formally on three occasions and on a number of times informally.

The Foundation's finances are audited annually as part of part of Club's statutory audit with a separate bank account being maintained to ensure that donations to the Foundation are quarantined and only used in accordance with and as specified by the Foundation's Governance Charter.

Tom Mollenkopf  
Chairperson, Gary Tierney Foundation.

### **Point Leo SLSC Bobbas**

Another year has passed and while all of the Bobbas are a year older, it is not certain whether we are a year wiser, but as a group we manage to keep in touch with each other and in particular we remain interested in all of the current activities of our great club. The Bobbas, formed in 1968, look forward to celebrating their 50<sup>th</sup> Anniversary in 2018. Exactly how and when is yet to be finalised, but we will keep all club members informed as soon as plans have been established.

The objective of the Bobbas is to allow past members of Point Leo SLSC to keep in contact with each other and also keep abreast of club day to day matters. The Bobbas was formed when the original members found that they were drifting away from the club because of family and business priorities and vowed that they would meet regularly and assist the club wherever and whenever possible.

During the past 12 months the Bobbas held three luncheons at Kooyong Lawn Tennis Club and the annual Bobbas and partners lunch at the clubhouse at Point Leo, where a roast beef meal was prepared by our stalwarts Max Jeffrey, Alf and Anne Treadwell, Brooke and Tom Mollenkopf, Kim and Marc Aliotti, Irene Johnstone and Rhonda Horwood. All of these luncheons were well attended and they are certainly looked forward to by all Bobbas and members of other clubs who are invited to attend.

There were a few highlights that must be mentioned.

At the September luncheon, Garry (Butch) Rydberg gave a rundown on the Australian Water Polo team's performance at the Rio Olympics. It was completely off-the-cuff, no holds barred, and most informative and entertaining. In particular his outline of the competition – in and out of the pool - that Australia faces from European countries where water polo is almost a national past time. Fantastic. Thank you Butch.

Over the Nipper season the Bobbas, in particular Dick Ellis, Max Jeffrey and Peter Braithwaite, organise the BBQ for Nippers and their families. Brian Horwood ensures that there is a regular team of Bobbas who attend to assist. Next year the Bobbas will no longer be involved with the Nipper BBQ. Discussions are underway to involve Bobbas in assisting Nippers and their families in their lifesaving endeavours.

At the 2016 AGM, Geoff Ewert, who was in the first Bronze Squad at Point Leo back in 1955, was accepted as an Honorary Life Member of Point Leo SLSC. Geoff has been a fantastic club member and a proud Bobba over many years. Geoff and his wife Margot were very proud to have his involvement with the club recognised by Life Membership.

Toward the end of 2016 the Bobbas gained approval from the club Committee to mount a plaque honouring the late John Marshall on the Honours rock in front of the clubhouse. John was a world class pool swimmer, holder of many world records in the pool and was a co-founder, along with the late Alan Forster and the club's current Life Patron, Richard Ellis, of Point Leo SLSC back in 1955. John passed away as a result of a car accident in January 1957 so his stint with the club was all too

short but he made his mark in State and National surf competition and with our club. He is fondly remembered by the Bobbas who were members back in those years and their feelings were expressed when the plaque was unveiled by Dick Ellis at the Bobbas and partners lunch on Sunday 24 April (right).

The Bobbas were represented at the 2017 National Masters, with the irrepressible Frank Christian taking Bronze in the 55-59 Rescue Tube Race and with the old man of the sea Ian Knight not far behind in 7<sup>th</sup> spot. It was a difficult swim with a big sweep just before the buoys making it hard for everyone – as Knighty will tell you.

And finally, as usual, the Bobbas will support our great club for as long as our bodies allow us and we are proudly looking forward to it.

John Horwood  
Bobbas Convenor

## Honorary Life Members

At the Point Leo SLSC's 2016 Annual General Meeting, Tamara Brawn and Geoff Ewert were nominated to become Honorary Life Members of Point Leo SLSC. The club's Statement of Rules and Purposes sets out the process by which members are nominated and considered for Life Membership and the final process is that nominations are considered by all members present and eligible to vote at the AGM and such nomination must gain two-thirds of those votes.

Tamara and Geoff were duly elected Honorary Life Members of the club.

Tamara and Geoff have been outstanding members of the club and when their individual circumstances are outlined it is clear that they each took very different paths in their club involvement.

Tamara originally joined Lorne SLSC in 1992 and transferred her membership to Point Leo in 1995 because of the opportunity to row competitively in a surf boat at Leo whereas Lorne did not have a female boat crew at the time. Tamara became part of a very good crew at her new club. They were the top female crew in Victoria, very competitive at the Nationals making the final in 1998/99 and finishing fourth in the Seven Oceans (World Titles) in 1996/97.

After retiring from competition Tamara became involved in administration both with the club and at LSV and has maintained her involvement in both areas. Within the club Tamara was elected the first female Club President in 2013/14 and at LSV and SLSA Tamara is a highly regarded Senior Boat Referee at carnivals.

Geoff joined Point Leo SLSC in 1955 and was a member of the first club Bronze Camp and in fact has the honour of receiving the first Bronze Medallion awarded at Point Leo – medal number V184 dated 11 December 1955. From those early days Geoff became very involved in setting up the club at Point Leo, representing the club in competition and becoming involved in SLSV matters on behalf of the club. An immediate priority was the building of the clubhouse and Geoff, who had just commenced work as an apprentice carpenter, was very much involved right through until the building was handed over in 1962. Over the years, Geoff has maintained his involvement with the club helping at Leo home beach carnivals, with the Nippers at BBQs, and through the Bobbas.

Both Tamara and Geoff received their HLM medallions with dignity and pride and both talked about their early recollections of the club. Tamara remembered that despite being from another club she was immediately accepted as a Leo member by everyone and that since those early days she has had no desire to be anywhere else. Geoff recalled the first winter at Leo – you could not drive all the

way down Western Parade some weekends, and once there, it was hands on building work – setting out, frame construction and so on and on many weekends having a surf was out of the question.

All club members congratulate Tamara and Geoff on their election as Honorary Life Members of the Point Leo SLSC.

## Sponsors and Supporters

The Point Leo Surf Life Saving Club appreciates the support of the following sponsors, supporters and donors. We truly value your support and hope to give in return as much exposure to your business as we can. The Committee encourages Point Leo members to support the following businesses:

### **Sponsors**

Flinders Hotel  
Balnarring and District Community Bank – Bendigo Bank  
Paton Estate Agents Pty. Ltd.  
Point Leo General Store  
Vantage Fuels

### **Supporters and Donors**

## Awards

The winners of these awards will be announced at Presentation night after our AGM and names will be updated in this report at the conclusion of the presentations.

Point Leo SLSC Senior President's Award	Catherine McCraith
Point Leo SLSC Junior President's Award	Andrew Nott
Dick Catterick Memorial Award Best Club Member	Alf Treadwell
Club Captain's Award	Michael Treadwell
Outstanding Achievement of the Year	Tracey Cester

### Surf Sports Awards

Male Athlete of the Year	Caleb Gray
Female Athlete of the Year	Samantha Howe
Junior Male Athlete of the Year	Joshua Doherty
Junior Female Athlete of the Year	Isabella Austin
Masters Athlete of the Year	Frank Christian
Swim Competitor of the Year	Adam Howgate
Board and Ski Competitor of the Year	Rhys Cole and Nicholas Ford
Beach Competitor of the Year	James Paton
Team of the Year	Open Male Taplin – Adam Howgate, Caleb Gray, Matthew Graves, Lachlan Robinson, Rhys Cole, Joshua Doherty

### Vigilance and Service Awards

Senior Patroller of the Year	Michael Treadwell
Junior Patroller of the Year	Charli Cassell-Ashton
Silver Patrol Hours Award 75+ hours	Brittany Morgenthaler
Bronze Patrol Hours Award 50 – 75 hours	Charli Cassell-Ashton
	Nathan Cester
	Ellie Doherty
	Andrew Gibson
	Andrew Nott
	Nicholas Richardson
	Samuel Richardson
	Michael Treadwell

### Junior Awards

Jill McKellar Junior of the Year	William Laussen
Nipper Male Athlete of the Year	Connor Ogilvie
Nipper Female Athlete of the Year	Lucy Searle
Nipper Co-ordinator Award	Bella Warner
Nipper Competitor Award	Nathaniel Clarke
Nipper Parent of the Year	Sarah-Jo Mason
Nipper Water Safety Awards	Bryce Appleton
	Ellie Doherty
	Charlotte Hoskins
	Jason Romari
	Damon Scoffern
