President's Report

What a wonderful past year we've had with facility upgrades, mentor development programs, a fabulous Nipper and competition season and the long-awaited return of surf boats!

Changeroom upgrade, new kitchen and more to come!

2018/2019 can be remembered as the season that finally saw us say goodbye to our hopelessly outdated changerooms and say hello to a new world of comfort (and low maintenance!) following the completion of the first stage of the clubhouse rebuild. Huge thanks to Luke Treadwell who did an outstanding job project managing the build. Many other Clubs have required the services of a professional project manager for a project of this scale and for Luke to do this role while also starting a new family with his beautiful twins was a huge effort, carried out with his customary no-fuss competence.

I'm excited to report that during the Federal election campaign, we had both major parties make election promises to fund \$300,000 towards the next phase of our building and amenities upgrade. Obviously, this gives the club a great start and will allow us to keep the momentum going with the next development phase that will see a new access path on the south side of the clubhouse together with permanent outdoor showers and an improved outdoor space. This work will be undertaken while the Foreshore Committee undertakes a major upgrade of the access to the surf beach, the kiosk and the public toilets.

New Gear Shed Roof

Michael Treadwell has continued to work his magic on securing government funding, this time with a grant to replace the gear shed roof. The inclusion of a new skylight has now allowed a flood of light into what was a dark back corner of the storage area.

Lifechanger – Wave 2

The second wave of Lifechanger was run over summer. The program aims to progressively

develop our own Club mentors (many young, some slightly older!) to have an increasingly significant role in running the program and working with young members (11-15 year olds). It was fantastic to see the interaction between our members across age ranges and to create some great bonds and shared experiences. Also it was fantastic to get some great feedback about positive outcomes for many of our young members. Thanks to Balnarring & District Community Bank Branch of the Bendigo Bank, the Red Hill Op Shop, the Flinders Lions Club and the Gary Tierney Foundation for contributing to the costs of the program and congratulations to all involved in organising and running it.

Junior Surf Lifesaving Program (Nippers) from Strength to Strength

Sarah-Jo Mason grabbed the reins in leading our nearly 500 Nippers and their families through a fantastic season of learning and fun. The introduction of a training carnival with Mornington and Portsea Nippers was a great initiative for our competition team driven by Nick Clarke. As ever, thanks to the myriad people who have helped over the season to make the Junior Surf Lifesaving Program run so well and be such a positive experience for our young members.

Surf boats make a comeback!

It was great to see past member and experienced surfboat sweep and coach Mark (Macca) McDermott return to the Club and have some early success with orange caps in a surf boat for the first time in many years. There will now be an opportunity for our members to get involved in this exciting sport with Macca's guiding hand.

Sponsors

A most sincere thank you to our generous sponsors who have contributed financially to the operation of the Club. We look forward to continued relationships with these great local businesses:

- Mornington Prime Cuts

- Burnley Brewing
- Paton Estate Agents Ltd
- Vantage Fuels/Bowser Bean
- Australian College of Dermatologists
- Balnarring & District Community Bank
Branch of the Bendigo Bank

We ask that all our members support these great businesses – and let them know when you can that you are grateful for their support of our Club!

Finally, I wish to sincerely thank all the hardworking members of your Committee. It has

been fantastic to see so many young people contributing to the club. The leadership provided by Adam Lipszyc (Club Captain), Andrew Nott (Vice Club Captain) and Brittany Morgenthaler (Chief Instructor) sees the future of our club looking very bright.

As I've said many times, the Club is only what it is due to the commitment and efforts of members. If you are not yet actively involved please reach out to a Committee member – we will find the perfect role for you!

Notes to the financial statements

For the year ended 30 April 2019

Note 1. Statement of significant accounting policies

General information

Point Leo Surf Lifesaving Club Inc. is an Association incorporated under the Associations Incorporation Reform Act 2012.

Point Leo Surf Lifesaving Club Inc. is an entirely voluntary organisation which provides beach patrol and rescue services, first aid and lifesaving training at Point Leo Surf Beach and surrounds.

The financial statements for the year ended 30 April 2019 were approved and authorised for issue by the Members of the Committee of Management.

Financial reporting framework

This financial report is a special purpose financial report prepared to satisfy the financial reporting requirements of the Australian Accounting Standards and Associations Incorporation Reform Act 2012. The Committee of Management has determined that Point Leo Surf Lifesaving Club Inc. (the Association) is not a reporting entity.

Statement of compliance

The financial statements have been prepared in accordance with the requirements of the Associations Incorporation Reform Act 2012, the recognition and measurement requirements specified by Australian Accounting Standards and Interpretations, and the disclosure requirements of Accounting Standards AASB 101 'Presentation of Financial Statements', AASB 107 'Statement of Cash Flows', AASB 108 'Accounting Policies, Changes in Accounting Estimates and Errors', and AASB 1054 'Australian Additional Disclosures'.

New and amended standards adopted by the Association

The Association has adopted all the amendments to Australian Accounting Standards issued by the Australian Accounting Standards Board, which are relevant to and effective for the Association's financial statements for the annual period beginning 1 May 2018.

None of these amendments have had a significant impact on the Association.

Basis of preparation

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money value or, except where specifically stated, current valuations of non-current assets.

All amounts are presented in Australian dollars, unless otherwise stated.

In the application of the Association's accounting policies, the members of the committee are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following significant accounting policies have been adopted in the preparation and presentation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

(a) Property, Plant and equipment

Plant and equipment are carried at cost less, where applicable, any accumulated depreciation. The depreciable amount of all property, plant and equipment is depreciated over the useful life of the asset to the Association commencing from the time the asset is held ready for use.

(b) Inventories

Inventories are stated in the Statement of Financial Position at the lower of cost and net realisable value.

(c) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments.

(d) Income tax

No provision for income tax has been made as the Association is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

(e) Accounts Receivable and Other Receivables

Accounts receivable are expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

(f) Revenue and other income

Funding for Club activities comes from membership fees, donations and gifts/sponsorships from corporate benefactors.

Revenue is measured at the fair value of consideration received or receivable after taking into account any available concessions.

Interest revenue is recognised using the effective interest rate method using an appropriate interest rate.

All revenue is stated net of the amount of goods and services tax (GST).

(g) Goods and services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(h) Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(i) Provisions

Provisions are recognised when the Association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of amounts required to settle the obligation at the end of the reporting period.

(j) Impairment of assets

At each reporting date, the Association reviews the carrying values of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the Statement of Profit or Loss and Other Comprehensive Income.

(k) Current and non-current classification

Assets and liabilities are presented in the Statement of Financial Position based on current and non-current classification.

An asset is classified as current when:

- it is either expected to be realised or intended to be sold or consumed in the normal operating cycle;
- it is held primarily for the purpose of trading;
- it is expected to be realised within 12 months after the reporting period; or
- the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- it is either expected to be settled in the normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within 12 months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

All other liabilities are classified as non-current.

(l) Comparative information

When required by Accounting Standards, comparatives have been adjusted to conform to changes in presentation for the current year.

(m) Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires the committee of management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other various factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements. Actual results may differ from these estimates.

The Committee of management continually evaluates its judgements and estimates in relation to assets, liabilities, revenue and expenses. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

(n) Events after the reporting date

On 3 June 2019, Point Leo Surf Life Saving Club Inc paid \$41,998 towards the replacement of the roof of the gear shed. This was paid for by using the grant of \$24,454 that was received on 31 January 2019 and the balance funded from the general account.

NOTE 2 - AUDITORS REMUNERATION

During the financial year the following fees were paid or payable for services provided by the auditor of the Association:

| | | |

| Audit of the financial statements | 1,800 | 1,800 |

Statement by Members of the Committee of Management Point Leo Surf Life Saving Club Inc.

Point Leo Surf Life Saving Club Inc. Statement by Members of the Committee of Management

The Committee of Management has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the Financial Statements.

In the opinion of the Committee, the financial report, comprising the Statement of Profit or loss and other Comprehensive Income, Statement of Financial Position, Statement of Cash Flows and Notes to the Financial Statements:

1. Present a true and fair view of the financial position of Point Leo Surf Life Saving Club Inc as at 30 April 2019 and its performance for the year ended on that date in accordance with Australian Accounting Standards, the *Associations Incorporation Reform Act 2012*; and

2. At the date of the statement, there are reasonable grounds to believe that Point Leo Surf Life Saving Club Inc will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the Committee of Management and is signed for and on behalf of the Committee by:

Name TAMARA BRATOV
Chairperson

Name Kim Williams
Committee member Treasurer
Kim Williams

Dated: 7/7/19

INDEPENDENT AUDITORS REPORT

To the Committee Members of Point Leo Surf Life Saving Club Inc. for the year ended 30 April 2019

Opinion

We have audited the special purpose financial statements of Point Leo Surf Life Saving Club Inc. (the entity), which comprises the Statement of Financial Position as at 30 April 2019, the Statement of Profit or Loss and other Comprehensive Income, Statement of Members' Funds and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the entity as at 30 April 2019, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards (AASB's) to the extent described in Note 1 and the *Associations Incorporation Reform Act 2012*.

Basis for opinion

Without modifying our audit opinion, we draw attention to Note 1 in the financial statements, which describes the basis of accounting. The financial report has been prepared to assist Point Leo Surf Life Saving Club Inc. to meet the requirements of the *Associations Incorporation Reform Act 2012* under the requirements of special purpose financial reporting. As a result, the financial statements may not be suitable for another purpose.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Entity in accordance with the independence requirements of the *Associations Incorporation Reform Act 2012*. We have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Members of the Committee are responsible for the other information. The other information comprises the information included in the Annual Report for the year ended 30 April 2019, other than the financial report and our Auditors Report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Kidmans Partners Audit Pty Ltd

Suite 4, 255 Whitehorse Road, Balwyn,
Victoria, Australia 3103

Postal Address: P.O. Box 718, Balwyn,
Victoria, Australia 3103

T (613) 9836 2900 F (613) 9836 5233 ABN 46 143 986 841 www.kidmanspartners.com.au

Liability limited by a scheme approved under Professional Standards Legislation.

In connection with our audit of the financial statements, our responsibility is to read the other information and 'in doing so' consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Going concern

The Members of the Committee's use of the going concern basis of accounting appears to be appropriate and based on the audit evidence obtained, there is no material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern.

Responsibilities of the Members of the Committee and Those Charged with Governance for the Financial Statements

The Members of the Committee are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards, and for such internal control as the Members of the Committee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Members of the Committee are responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Members of the Committee either intends to liquidate the Entity or cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud and error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Members of the Committee.
- Conclude on the appropriateness of the Members of the Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Club Captain's Report

Hello and congratulations to all members!

Pat yourselves collectively on the back, for another amazing season. What the club has achieved in just one year rivals that of multi-million dollar organisations. The fact that we are run solely by a group of passionate and dedicated volunteers speaks to our character – hold your heads up high!

Twelve months of activity cannot possibly be collated in one report, however I will do my best. I want to start with my baby – the patrols. The bread and butter of any surf club is the volunteer patrols that ensure public safety. Some small modifications to patrol structure ensured that we could confidently meet the demand of the public over the summer season.

I am incredibly proud of all patrollers; however, I want to make a 'special mention' of those in leadership roles. This year many senior members relinquished their official titles, handing over important positions to members their junior. The mentoring from these 'owls' and the maturity of the younger incumbent members has been unprecedented, and I want to commend all patrol captains and vice-captains for fostering a safe environment for personal development.

As a reflection of the great standard set at Point Leo, two seasonal audits/inspections were rewarded with extremely high marks, including a first ever "full marks". Well done to captains Michelle Royal-Hebblewhite, Andrew Gibson, Ella Swaney and Bodhi Woods for rising to the occasion.

As the season winds down, patrols tend to be plagued with retention issues, relying on 'core' members to step up. Whilst I tip my hat to members who always perform (you know who you are), I want to assure all members that a review is being undertaken pertaining to this issue, with actionable recommendations to be put to the committee in the coming months.

I won't touch on training, as that is Britt's turf, however Bronze Camp remains very dear to my heart therefore I will comment briefly. This year, the Bronzies – a diverse group of young

individuals – bonded immediately, and they carried a sense of maturity unseen for some time. They tackled all the challenges thrown at them (and we threw a lot) and maintained enthusiasm right through the peak of the season. A special mention to the super stars who built on their Bronze knowledge by completing additional awards.

Well done to all members who stepped up this season and completed a number of awards. We are very lucky to be able to offer these courses to members in-house. I fully encourage all members to challenge themselves and go one better (it's not every day you get to play at Big Left in an IRB).

I want to especially thank the trainers and assessors of the club. For those that might not be aware; this area of LSV is in a transition period to say the least. Keeping up to date becomes laborious and at times tedious (I speak from experience), so I want to give credit where it is due – without these members, the club simply would not function at the high level it does.

Speaking of awards, well done to Gary Tierney Foundation winners Josh Doherty and Sam Richardson. Josh has stepped up again this season, with very impressive results across a number of events. He continues to coach and inspire Leo members and remains a strong role model, not just locally but as a cold-water Victorian on the state and national stage. Sam has proven himself to be a jack-of-all-trades, seemingly having a finger in every pie of the club. Whether it is swim training, LSV Comms or writing school programs, Sam throws himself into every facet of the club, for which we are very grateful. I look forward to seeing these two young men develop further and contribute to the next generation of Leo lions.

Congratulations to all competitive members who represent Point Leo and the cold-water states on a number of platforms. We all feel pride, maybe even a little smugness, when a warm-watered Queenslander gets pipped by machines forged in the cold waters of Victoria! A round of

applause to those involved when Leo hosts the events themselves, specifically the Senior Carnival this year and the annual Boxing Day swim. From the core crew who battle at Aussies, to the vast sea of Orange that is the Nipper competitors at State titles, Leo remains a dominant force in the competitive sphere. Full credit to the dedicated coaches and managers who make it all possible.

Talking about the club more broadly, a big kudos to the building sub-committee for their huge efforts to get stage 1 across the line. Doesn't it look amazing! From brand new change rooms, to a new sleek kitchen, a new swish uniform shop and low-impact outdoor showers: our members get to experience the very best there is to offer. The wider Point Leo area may be experiencing a facelift too, given developments spearheaded by the Foreshore Committee. Watch this space as good things are coming.

The end of a season means the end of summer caretaking and I want to personally thank Nick Woods and family for their significant contribution over the last three years. Nick strikes a perfect balance between the things that are right, and the thing that is fun, a sentiment he takes to all aspects of Club functions and

activities and his contribution to nearly every corner of the Club remains ongoing.

As I run out of room to write, I bring the focus lastly to a pillar of the Club – the social stuff! Muso night was another roaring success; our social media platforms are becoming stronger every day, showing very strong metrics throughout the season; Presentation Night is the night of the year with good things to come as Rhys Cole heads up the Social Secretary role.

Even though I've just scratched the surface here, none of our success would be possible without two things: our amazing sponsors and the efforts of our volunteer members. Our sponsors, donors and benefactors allow us to do the things we do; our volunteers provide their valuable time to do it – simple as that.

A big thank-you to the Committee, especially the Executive, for their continued efforts that really don't ever end despite the colder weather. A special note to those who continue to support and give me advice, particularly the Executive members.

That's enough from me; see you at the beach.

ADAM LIPSZYC

Club Captain

Vice Club Captain's Report

What a big season it has been for the operational side of the club. With the determination of all our patrolling members we showed outstanding results as a Club and provided an overall exceptional service to the

community. Everything that goes on down at this amazing Club is done by all of our dedicated volunteers who put in the hard yards to keep our community safe.

I would like to commend and thank all of the active patrolling members of the Club for their efforts this season, and for choosing to spend another successful summer down between the flags.

This season we altered the number of patrol groups we have from 7 down to 6. We combined two of the competition patrols to gain a more even and sustainable spread of numbers on those patrols, which worked well. Another huge hurdle we had was the rollout of the new RMR Digital Radios, which are vital to our operation. It was tough getting a grasp of the new radios and teaching all patrollers, but throughout the season I can say it has been a successful and much needed initiative by LSV.

I would like to thank our Patrol Captains - James Paton, Romy Lipszyc, Ella Swaney, Sam Richardson, Nick Woods and Andrew Gibson, and the Vice Captains – Sam Warner, Brittany Morgenthaler, Bodhi Woods, Rhys Cole, Chuck Warner and Michelle Royal-Hebblewhite. This committed team lead our patrols and coordinate the safety of the community visiting our lovely beach, so thank you. Also thank you to all of the patrollers who came down throughout the season. We truly do need the numbers to operate and it doesn't go unnoticed.

With a total of 48 rostered patrols this season there was a total of 5471 hours of patrol completed by our amazing patrollers. During those hours, we completed 2012 preventative actions treated, 35 minor first aids and 1 major and executed 5 rescues. These statistics alone

justify our commitment and need in the community.

The Junior Patroller of the Year Award

recognises an under 19 member that has gone above and beyond helping out at patrol.

Nathaniel (Nat) Clarke has shown great initiative on and off the beach, he was always approachable and happy to help. Nat completed his Bronze Medallion this year and during the season stepped up to fill the requirements of that award. He was always down on the beach and always assisting the patrol in every way he could. This season Nat was very eager to learn more skills from the senior members of patrol to make him a very valuable member of our patrolling community.

The Senior Patroller of the Year Award

recognises a patroller that has always been down the beach helping out, someone that others look up to as a role model. This year's recipient, Edward 'Chuck' Warner, shows these qualities every day he is on the beach endlessly doing water safety for Nippers, Vice Captaining the Woodchucks patrol or filling in on other patrols when they are low on numbers. Chuck is a member that all feel comfortable to approach and someone that many look up to down between the flags.

Once again, I would like to thank all of those who chipped in this season whether it was on patrol or during Nippers or at the Boxing Day Swim. All of your hard work does not go unrecognized and I can't wait to see you all back down the beach next season.

Education

This season the Club held 5 courses for members including:

- Bronze Medallion
- Surf Rescue Certificate
- IRB Crew and Drivers
- First Aid
- Spinal Management

In total 117 members completed new lifesaving awards this season. Along with new awards, most active members completed their skills maintenance in late November and late December. These awards allow us to provide a safe beach for the public and meet our requirements with LSV for a fully equipped and qualified patrol every day of the summer season.

Bronze Camp was conducted from 16 to 22 December 2018. The course ran smoothly with all 38 participants achieving their Bronze award. Thank you to the fulltime instructors who assisted with the running of the course - Adam Lipszyc, Andrew Nott, Morgan Jones, Romy Lipszyc, Kaitlin Russell, Sam Richardson and Ella Swaney. Also, to the others assisting in the running of the camp.

The Adult Bronze Course was held on the first weekend of December with 16 members successfully gaining their Bronze award. Thank you to Andrew Gibson for coordinating and running the course.

Surf Rescue Certificate (SRC) Camp was on the second weekend of December. The camp

was successful with 39 participants achieving their SRC. Thank you to Romy Lipszyc and Ella Swaney for running the SRC course, as well as many other fantastic helpers, including Andrew Nott for his work in assessment. Thank you also to the parent helpers who supported the camp overnight.

The Spinal Management course was a huge success; with 4 new members now holding the Spinal Management award. Many thanks to Andrew Nott for running the course.

Michelle Royal-Hebblewhite ran and assessed a very successful Senior First Aid course. The course had 7 participants learn new skills that will be extremely helpful on patrol.

This season our IRB course once again ran over summer. The week long IRB course run by Bernadene Hansen was extremely successful with 3 new Driver and 12 new Crew awards. A big thank you to Bernadene Hansen, Abbie Hansen, Andrew Nott, Nick Woods, Andrew Gibson, James Paton, Sam Warner and Chuck Warner for helping with the course.

This season our club assessors upgraded their skills to become more qualified and educated. Thank you to Andrew Gibson, Michelle Royal-Hebblewhite, Andrew Nott, Adam Lipszyc, and Tamara Brawn for all your efforts this season.

I look forward to another season of education in 2019/2020.

BRITTANY MORGENTHALER

Chief Instructor

Operations

First Aid Report

Thanks to every member who provided First Aid this season. Care for the public and our members has never been stronger, with seven new members now qualified with their Senior First Aid certificate.

Completing a Level II First Aid (or 'Senior First Aid'), not only equips you to deal with many of the common presentations we see down on the beach but is also a national accreditation which provides useful skills to apply to everyday life, in the workplace or on the street.

If you have an interest in furthering your skills, consider completing a Spinal Management or Advanced Resuscitation Techniques course both of which equip you to provide more advanced pre-hospital care in emergency situations.

Due to a change in the electronic reporting of First Aid statistics, a detailed breakdown is no

longer possible. We did however provide assistance on 35 minor and 1 major First Aid during the season. This number is marginally down on previous years, but the variance may be a factor of the new reporting method. The Ambulance was called to attend twice this season.

Once again, our team of medical doctors were vitally important during the major events we ran at the Club this season. Thank you to Kate Stern who continues to do great work coordinating our doctor members at these events.

Now that we're in the off season, if you have any ideas about how we can improve the First Aid room, with equipment, supplies or in some other way – please send me an email!

See you on the beach.

IRB Report

Firstly, on behalf of the Point Leo IRB team, I would like to send condolences to Port Campbell SLSC and families for the tragic loss of two members during the rescue of a tourist in rough conditions in April this year.

Equipment

Gear Inspection went like a dream with no canaries placed on any equipment. The great result was a testament to my predecessor Nick

Woods, last year's IRB captain, and Blane Paton's long-term planning. These two have left us with a shed full of top-class gear in great condition. We had no new equipment this year, but a deposit has been placed on a new Thundercat for delivery prior to the 2019/2020 season. This boat will be named the 'Dick Ellis' after our Life Patron and foundation member. Thanks Dick, for everything that you do and have done in the past for Point Leo SLSC.

News

In July last year Andrew Gibson and I were asked to travel to 'Lake Malawi' to provide water safety for a Chinese Australian movie production called The Whistleblower. All expenses paid and a \$1350 donation to the Club for a single day on set. The scene was based around trading off small longboats and a mothership which meant lots of time in the water. Given that many of the actors could not swim, we were in close proximity to them, the pier and the boats at all times. The film crew took full advantage of our presence and also ended up using the IRB with Gibbo driving as a camera boat. They managed to finish the scenes all in a day, so our trip to Africa was short lived. The film crew also came to Melbourne in August to shoot some scenes on the Yarra and requested another two boats. Nick and Marley Woods, Bridget Barnes and Millie Page crewed and received another \$2700 for the Club. 5.00 am starts and 9.00 pm finishes meant slow days (see pic below), but a very lucrative one for the Club. Thanks for your time guys. The movie should be out in October.

Events

Our biggest day for the IRB section is always Boxing Day with every bit of equipment being put to the test. With coordination by Andrew Nott and all of our qualified drivers and crew chipping in, the day was a huge success. Thanks to all those who were on the water and for the help with setup and pack up. There are too many to name individually. We had six boats in the water and a spare on the beach as well as having Rhys Cole on the Jet ski, a vehicle we are now seeing more often in lifesaving.

Nippers and Carnivals

The 10 scheduled Nipper sessions require 120 IRB person-hours plus extra effort for setup and pack up. There are many who put in a great deal of energy but I'll name a few that go above and beyond - Sam Warner, James Paton, Nick Woods and a very enthusiastic Nat Clarke, thanks for setting up most of those days. It's certainly handy when they are camping next to the gear shed!

Tony Puleio, Andrew Welsh, Steve Northcote, David 'Jack' Russell, Bodhi Woods and Zali Cargill filled the majority of driver sessions with Bryce Appleton, Nick Richardson and the Edmonds brothers, Fin and Kip doing the lion's share of crew shifts.

IRB duties also extend to carnivals and we really need competitor parents and older siblings to qualify for more of these responsibilities.

The Bancoora carnival was the most fun I've had in a boat for a long time. Steve Northcote and I drew straws as to who would drive. Mine was short. With great surf and a sunny day Steve did an amazing job in challenging conditions.

IRB duties at Senior carnivals and Senior State titles were covered by Nathan Cester, Charlie Cassell-Ashton, Sam Warner and Ella Laussen. They don't compete but travel to support the senior squad. Thanks guys.

The Senior carnival at Leo required us to fill five shifts. The usual crews came to help and even the Treadwell brothers made an appearance. Receiving many awards for bravery last year after rescuing a stricken yacht off Philip Island, they now only show up at the more prestigious events and the Leo Craft Carnival qualified.

Training

Andrew Gibson ran an IRB course for a number of Nipper parents at the end of the 2018 season during Legends Patrols. All that was required was some fine tuning and the testing which was combined with the next official course.

The 2019 IRB Driver and Crew course was held in early January. I would like to thank Bernie and Abbie Hansen for running an incredibly thorough course. Together with Andrew Nott, Andrew Gibson, Britt Morgenthaler and Katie Russell, as well as James Paton and Sam Warner helping, every aspect was well covered.

It has been verbalized to me by IRB coordinators at carnivals and the Assessors that the Point Leo crew candidates know what they are doing. This is a real testament to the training courses Bernie and Gibbo run.

Although mostly flat, our mighty shore break can be very intimidating to new crews. Wave skills are taught at Second Reef and then a very challenging session is run at Big Left. There is always a lot of anxiety before this session. Three training boats and a safety boat are taken to Flinders lower car park. The beauty of Big Left is the ability to escape into the channel where Gibbo sits and watches for trouble. Crews can then slowly build confidence and move towards the centre of the break. There was the inevitable rollover, which is in itself a great lesson. James Paton as an experienced driver crewed for a new driver and experienced the art of flight. Adam Lipszyc

filmed it all with a drone from the comfort of the golf course.

The Assessors came down a few days later and the following qualified.

Crew: Lachlan Macpherson Smith, Nathaniel Clarke, William Laussen, Lachlan Brockhurst, Riley Williams, Bella Warner, Emma Metcalf, Edward (Ned) Swaney, Marley Woods, Madison Clark, Bryce Appleton, Tom Brockhurst.

Drivers: Ella Laussen, Steve Northcote, Ella Swaney.

Apologies to those who missed out on training this season. We will get you trained and qualified for 2020. We need you.

More help

We need more qualified people!

I know there are people at the club that stand on the beach and wonder about maybe getting in the IRB to keep busy or to add it your long list of SLSA awards. This is not an exclusive club. All you need is your Bronze and you can start.

For those families new to the protocols of SLSA, a crewed IRB is required to make up a complete patrol. An IRB also drastically reduces the number of water safety people required in Nipper sessions. An IRB covers 30 – 40 kids (conditions dependent) but a rescue board only covers 5 Nippers.

Our team can be tasked at any time of the year by LSV. Last year we received two calls, out of our normal Point Leo duty times, to put a crew together for a search. We were stood down both times due to false alarms. More recently during a Legends patrol Andrew Gibson and Nat Clarke were sent to Somers for a search. The Club can be called upon at anytime and therefore we need to keep our training and equipment up to scratch. We need to always be ready.

If you want an all expenses trip to 'Lake Malawi' (AKA Beaumaris Motor yacht squadron), come and join us.

EDWARD 'CHUCK' WARNER

IRB Captain

Surf Sports

Team Manager's Report

It was another great year for the 'Orange' caps this season. The Senior Team welcomed our U14 group onto the Youth - Senior Circuit in a somewhat hybrid format for its first year. This brought us into line with the Aussies style Youth section. We expect this format will continue to be adopted more formally over the coming seasons.

We have been encouraged by the transition into our group of athletes that have come from pool swimming, neighbouring clubs and also athletes that have re-engaged with surf sports after a break. It is wonderful to see young people finding their way back to our club where there will always be someone to welcome you.

We also embraced our first boat crew in many years, the Men's Reserve Team, who were steered by Mark McDermott. After competing in two carnivals they were ready for action at Senior States where they were duly rewarded with a Bronze medal.

One of my bucket list items as Team Manager was to field a Lifesaver Relay team. 'Team Tierney' was wonderfully represented by a team of 9 of our senior athletes placing an impressive 5th at State Titles. Another big thrill this year was to see the faces of other clubs and the comments 'Oh no!!! Leo has a boat crew again'.... so watch this space. It would be wonderful to see some more members get involved in the boat section next season.

Tamara Brawn is our only active female surf boat rower and the club would love to see a women's rowing team again at Point Leo. Big congratulations to Tamara for winning a Gold Medal at Aussies Masters with her Lorne club teammates.

"Official" Officials was a key message from Life Saving Victoria this year. We had several members take on the responsibility and complete the training courses. Our pre-existing officials also became compliant with new technical standards. We are no longer able to

supply unaccredited officials at carnivals, so I encourage your engagement in this area. It enables greater fairness and transparency for our competitors when good, capable judges are on the line.

Congratulations to Isabella Austin and Caitlin Robinson who were selected to represent Victoria in the Interstate Beach and Pool lifesaving events respectively.

We attended carnivals at Mornington, Anglesea, Torquay, Ocean Grove and Mordialloc and hosted a carnival at Point Leo again this season. Some of our senior athletes substituted Victorian carnivals for the "Ocean 6" series of events to race against more formidable opponents in an effort to gain more experience in strong surf conditions in preparation for Aussies. SLSA are looking at an alternative interstate competition program and reintroduction of the Nutri-grain series events. More information will be provided as this comes to hand.

We had an amazing State Titles at Warrnambool over the Labour Day Weekend with 36 competitors. The athletes achieved 31 top 3 placings and 62 top 6 placings. We had some great results in all areas of competition, Champion Lifesaver events, Surf Boats, Board, Ski, Swim and Belt races. We have a multi skilled and flexible team who strongly supported each other throughout the competition. It is a credit to them.

A full house team dinner brought together the Point Leo families on Saturday night and a Sunday night pizza in the park the following day was a lot of fun to finish off the weekend.

The Australian Titles (Aussies) were held at Broadbeach Qld this year. The conditions were extremely challenging and resulted in the relocation of the women's area to Kirra Beach, Coolangatta. Special thanks to Nick Clarke who went into immediate ground control of the trailer logistics, Jon and Nick Ford, David

Austin and Dianne Summers for split team duties, as well as parents and drivers for getting athletes to and from the second location and back to Broadbeach for finals. I have nothing but praise for the ability of the team to adapt to sudden change. Going to an event with the attitude to be prepared for all kinds of varying conditions, amended programs, relocations and you will be able to cope with the change more readily. It is the nature of our sport.

We had some outstanding efforts at the championships with Bella Austin making an U17 Ski Final, Bella Ford the Open Single Ski Quarter Final, Caitlin Robinson U19 Belt Race Grand Final taking 6th place, Bella Ford and Nick Ford coming 13th in the Open Mixed Double Ski Grand Final and Bella Austin, Cassidy Lockhart-Meaney and Caitlin Robinson making it to the Grand Final of the U19 Taplin. Nathaniel Clarke was a representative in the U17 Champion Lifesaver Grand Final taking 8th place. Our Masters also competed well with a silver medal to Frank Christian in the 60-69 2km Ocean Swim, Haydn Tierney a gold medal in the 35-39 2km Ocean Swim and an amazing effort from Nick Clarke, Jon Ford and Haydn Tierney for a Bronze Medal in the 130+ Board Relay.

A unified team is a blessing and as Team Manager I have seen this grow over more recent years. We have as a group, embraced a zero-tolerance base in respect of our attitudes and behaviours in our club tent which has played out in our increased respect for each other and those around us whilst wearing

our orange caps. We have worked hard as a team to make the “footprint” of our group somewhere for all to feel safe and supported. This is down to the support of the senior leadership group and the coaches.

Sincere thanks to everyone below for your work and commitment this season.

- The coaches, the senior leadership group and selection panel.
- The officials who went out of their way to be available, and those of you who stepped in and adopted a supporting role on the beach.
- The IRB drivers and crews who filled our water safety obligations.
- The parents and families of our group, your being present is much valued.
- Our Gear Steward and trailer drivers for getting our gear around.

Thank you also to the Gary Tierney Foundation for your unsolicited support, Vantage Fuels for your sponsorship, the Executive and the Committee and members of Point Leo SLSC.

State Titles for Juniors will be at Warrnambool 6-9 March 2020. Youth/Seniors will be held at Lorne 21-22 March 2020. The Aussies will again be at Burleigh Heads for the Youth and Broadbeach for U17 to Open and Masters 18-26 April 2020.

Thank you most of all to the athletes, for your hard work, commitment and courage.

Remember, *Autograph your work with Quality.*

IRIS CASSELL

Team Manager

Head Coach's Report

This season was highly successful for the Surf Sports Program at many levels including:

- Outstanding results at Aussies with several finalists and many other athletes progressing through multiple rounds
- Improved inclusiveness at training and competition with 36 athletes competing at Senior State Titles
- Increased participation at Nipper carnivals and training with the club improving to 7th at State Titles
- Maintaining a high-level training culture in Nippers and Seniors
- Improved confidence and capabilities of our Nipper Activity Leaders
- Expansion of the Victorian Surf Sports Academy (VSSA) program with the

formation of kayaking squads at Patterson Lakes and Fairfield

- Marked improvement in surf skills due to weekly sessions at Gunnamatta
- Completion of Lifechanger program Wave 2 with greater involvement of members outside of the Surf Sports Program and outstanding participant feedback

Our Senior results built on a successful revamp of our training program in 2018 which included opportunities for athletes to train up to 15 sessions per week in a carefully planned and periodised training program that included swim, board, ski, iron, run, gym and core. Significant additional focuses for 2019 were the development of ski paddler water feel and technique through our kayak program. Two of our Aussies final results were in ski (Open Mixed Double Ski with Bella Ford/Nick Ford and U17 Ski with Bella Austin) which provides evidence on the value of this approach.

In addition, our surf skills at Broadbeach in challenging conditions were notably improved due to weekly sessions (and in the lead up to Aussies every session) at Gunnamatta irrespective of the conditions. We are now in a position to make surf skills a primary strength.

This year we also had a dedicated pool and Coolangatta Gold training program with pool squads running out of MSAC and Hastings. Josh Doherty in particular flourished in this training environment with his swimming and Iron improving markedly, resulting in him winning the Open Coolangatta Gold age category. Josh was also close to making the semi-finals in Iron at Aussies which is an awesome achievement in his first year of Open.

Nipper participation and training have continued to improve thanks to the tireless work of Nick Clarke in the Surf Sports training sessions as well as the Thursday night iron/transition sessions. Under the coordination of Julia O'Shaughnessy we also had a fantastic group of Activity Leaders continue to develop their coaching skills in the three-week Junior Surf Lifesaving Program.

Overall there was substantial improvement in inclusiveness around the Surf Sports program. Thanks to the leadership of the senior athletes

that helped drive this change particularly the Board and Ski Vice Captains (Lachlan Robinson and Bella Ford), Social Coordinator Rhys Cole as well as Josh Doherty who coached many Senior and Nipper sessions.

It was difficult to split the awards between our highly successful athletes and Isabella Austin was one who had an outstanding year, including representing Victoria in the State Team. Her efforts under duress (illness) at State Titles to support her team mates across U17, U19 and Open were fantastic and resulted in 8 individual and team medals and many points for the club. She also had a great Aussies finishing 7th in the U17 Ski Final. She has had a great season of development as an athlete both mentally and physically and is a key member of the squad. Isabella Austin is the recipient of the **Board and Ski Competitor of the Year Award**.

Kate Brooks is an elite pool swimmer and has worked hard on her surf skills resulting in a great State Titles with 4 medals including a Gold in Belt and Silver in Board Rescue as well as Surf Teams. Kate makes every effort to get to training and state/interstate carnivals despite a busy pool swimming program. Her efforts are truly appreciated. Kate Brooks is the recipient of the **Swim Competitor of the Year Award**.

James Paton spent most of the season enjoying life and focusing on patrolling duties. However, he has an enormous fitness base and after some encouragement agreed to attend the State Titles. He came away with Gold in the 2km Run and Silver in the 2 x 1km Beach Relay; a fantastic outcome. It was great to have James back in the competition tent. James Paton is the recipient of the **Beach Competitor of the Year Award**.

Looking towards season 2019/2020 and beyond there are amazing things happening including:

- Dedicated surf sessions at Gunnamatta every Saturday to further develop the necessary skills to match it with the best at Broadbeach next year
- Continued expansion of our kayak program to support ski paddlers out of

Patterson Lakes and Fairfield in conjunction with the Victorian Surf Sports Academy (VSSA) squads

- Interstate racing planned for at least three carnivals next season plus Aussies
- Continuation of our high-quality board/ski/swim/run/gym/core program enabling athletes to reach their potential
- Opportunities for Cadets and less experienced athletes through a range of development sessions on board and ski
- Continued support of our Nippers through the Junior Surf Lifesaving and Junior Surf Sports Programs with additional surf sessions planned through winter.

I'd like to finish with a comment on the Lifechanger Program that completed Wave 2 (the second iteration of this amazing program). This program involved six sessions with Trevor Hendy and other mentors from the Lifechanger

program aiming to help young people become their best selves. It was amazing to have mentor representatives from the Club also attending including Andrew Nott, Isabella Ford, Bodhi Woods, Brittany Morgenthaler, Charlie Cassell-Ashton, Dianne Summers, Ellie Doherty, Ella Laussen, James Paton, Joshua Doherty, Lachlan Robinson, Lily McMeeken, Michele Ford, Nicholas Ford, Rhys Cole, Sam Richardson, Sharyn Clarke, Tara Doherty, Zali Cargill and Michael Treadwell. These mentors will become the future of the Wave 3 Lifechanger program planned for summer 2019/2020. Formal and informal data suggest the program has resulted in a strengthening culture and connection of all those involved.

We are always encouraging greater participation in Surf Sports as a beginner, aspiring athlete, master, coach, mentor or support person. There are opportunities for everyone to help support this growing and vibrant section of our club. If you are interested contact me on 0422 244 183 or surfsports@pointleoslsc.com.au

JON FORD
Head Coach

Surf boat Report

This season saw the resurrection of the boat section with a Men's Reserve crew competing at local carnivals for the first time in ten years. I am pleased to be able to fulfil my commitment to Ron "Bomber" Murray in returning to the club after three decades with North Cottesloe SLSC to continue with the boat section that provided me the opportunity to row as a seventeen-year-old.

The first task was to locate the equipment and with some local guidance we dusted off the oars, rolled over the boats and set about recruiting some personnel. We were fortunate in locating some experienced surf rowers in search of opportunity and with the addition of former Point Leo A Grade rower Ant Williams, we assembled a well credentialed Reserve Grade crew. To put the division status in perspective, there are six Open Men's and 16 Reserve crews competing at carnivals in Victoria.

Starting relatively late in the season the crew was subjected to some erratic training phases in preparation for our first carnival at Anglesea. Whilst a podium finish was unexpected, I gained greater satisfaction from the astonishment in the announcer's voice when introducing the Point Leo crew on the starting line. For me the recognition of our return to competition is important to the legacy of our former rowers and our goal to re-establish Point Leo as a premier rowing club.

With an improved performance at the following carnival we were anticipating a prominent showing at Masters States and the ASRL Open in NSW. Unfortunately, due to injury and admin issues, we were unable to field a crew at those events.

Our sights were now firmly set on the States at Warrnambool as the crew embarked on a structured ergo and water training program in

preparation for what we believed to be an event that would acknowledge our return to competition. In addition, we were able to field a Lifesaver Relay Team providing valuable points to the overall club point score. Given the requirements of the relay event, we elected to have a female row in the relay leg to strengthen one of the other disciplines. A huge thanks to Ella Laussen who volunteered to row in what proved to be testing surf for an experienced rower let alone for someone who had two training sessions at Port Melbourne! Ella took the baptism of fire in her stride and proved she has natural boatie qualities.

After some close finishes in the Reserve Grade preliminary rounds, the Point Leo 'Pretenders' advanced to the final and rowed themselves into the Bronze medal position after a powerful lift in the closing stages of the race. I think it took Ant Williams a few minutes to realise the race was finished as he wasn't responding to my command to exit the boat! Thanks to the crew of Dave Spitiri, Tom Skidmore, Bryon Marshall, Luke Hume and the evergreen Ant Williams for their contribution and to the resurrection of the boat section.

As with all clubs, there are those working in the background that provide valuable support and encouragement. I would like to thank Kim Williams, Tamara Brawn, Iris Cassell, Andrew Gibson, Andrew Welsh, John Horwood, Bomber Murray and Gary McKellar. Sincere appreciation

to Tamara and Ant for their outstanding generosity and support.

Whilst getting a boat on the water is a fairly straight forward process, the administration side of qualifying a crew for competition is possibly more strenuous! Without the patience and knowledge of Kim Williams and the expert guidance of Tamara Brawn, I doubt whether we would have rowed a stroke in competition this season. Thank you. We're all now wiser for the experience.

After an encouraging season we're looking to grow the Boat section with the introduction of our Strategic Plan, Boat Section Policy and Recruitment Strategy.

Expressions of interest have now been advertised and we look forward to presenting Point Leo boat crews at local and interstate competition next season.

Mark (Macca) McDermott and Ant Williams

Point Leo Surf Boats

Masters Report

State Championships – Lorne

We had another fantastic Masters competition at Lorne in February 2019. We fielded a small team of 15 – 6 female and 9 male athletes. Conditions were ideal, with small swell, light winds, few potholes and very fair water. The weather was strangely variable, alternately hot, wet, cold then hot again.

Notable absences this year were Darius and Nikki Alekna, Wendy Davey, Karen Golding, Ian Knight, Marc Aliotti, Hugh Condon, Haydn Tierney and Hayden Rydberg - usually good for a few medals each. On the positive side we

had 'first timers' Luke Skehan, Suki Ellison-Whyte and Tim O'Connor, who all won medals and will be long-termers.

Despite our small Leo team we won 35 medals, including 14 Gold.

Head Coach Jon Ford was the day's tragic tale. After blitzing the field to take Ironman Gold, he was 2 metres from victory in the Board Race and tore a calf, hobbling into third place and scratching from the rest of the Carnival.

Our Women's Board Rescue teams Michele Ford/Stacey Lethlean and Dana Sawyer/Jane Starr finished Gold and Silver respectively in a thrilling final.

David 'Jack' Russell, Frank Christian, Nick Clarke and Andrew Gibson dominated their age groups.

We also took Gold in both the Men's and Women's Beach Relay.

We rounded off the weekend with a team dinner at the Lorne Bowls Club, followed by a team 'bonding and boasting' session, then we all attended Sunday's Nipper Carnival. A great weekend!

With a reduced team, we slipped down the final rankings from second to fifth, so we are planning a blockbuster effort in 2020.

If you've never competed before, make 2020 your year!

1. Block out the second weekend of Feb 2020 in your calendar (TBC)
2. Do 16 patrol hours between 1st January and 31st December 2019
3. Start training now

Leo Masters Team 2019

If you are interested in competing in Masters for Point Leo please ring Andrew Gibson 0448 218 223.

ANDREW GIBSON

Masters Competition Coordinator

National Championships – Broadbeach Qld

The Point Leo 2019 National Masters campaign started with the 2km Ocean Swim at Burleigh Heads in clean conditions under the warm Queensland sun. Point Leo Masters Frank Christian and Haydn Tierney were able to use the additional motivation of a "large aquatic creature" sighting to score some early podium placings for Leo. Haydn placed 1st in the Over 35s and Frank 2nd in the Over 60s.

Moving back up the coast to Broadbeach for the remainder of the competition, the surf was challenging with conditions changing throughout the day based on the tide and winds.

The Monday program consisted of individual events. Haydn and Frank again had some good hit outs in their surf races but missed placing. Jon Ford drew from his vast surf experience to string some good performances together in the Iron achieving his best result to date (7th in the final).

The day ended with the Board Rescue where Jon and Frank made it through the heats to the final. Haydn Tierney and Nick Clarke made for

an unlikely Board Rescue duo that only just missed the final due to an unlucky lane.

Tuesday at Masters is all about team events. Point Leo's limited Masters contingent was able to combine their strengths to make multiple formidable teams.

Starting with Surf Teams comprising Frank, Jon and Haydn, 20 teams (60 competitors!) lined up for a race for the ages. Our competitors managed to survive the onslaught of grumpy middle-aged men and treacherous conditions but finished outside of places mid pack.

The elite team of Jon Ford, Frank Christian and Nick Clarke showed considerable skill and talent to cruise through their heat of the Taplin Relay. The finals proved to be a more serious hit out with our team coming in 7th.

The surprise event for our Masters team was the 130+ Years Board Relay. Nick started and tenaciously paddled down the lead pack tagging Haydn for the second leg in 6th place. Haydn was able to pick off a couple of spots and consolidated the team into 4th before tagging Jon

who gained one place to get the team home with a bronze medal.

A big thanks to our tireless Team Manager Iris Cassell. Even though Masters competitors should know better, the team kept Iris on her

toes with multiple visits to the Admin tent on our behalf.

Looking forward to a big year next year from the Leo Masters.

HAYDN TIERNEY

Members & Club Life

Junior Surf Life Saving Program

The 2018/2019 Junior Surf Lifesaving Program (JSLP) was once again a huge success on many levels and we continue to deliver an outstanding program for our Nippers.

Our program is so successful due to the outstanding volunteer support of many people including parents, siblings, former Nippers, senior athletes and wider club members. We continue to attract healthy numbers of participants at each age level with 471 participants and over 300 families involved.

It is because of our selfless volunteers and their commitment to the development of our younger surf lifesavers that we continue to be one of the most sought after Nipper programs in the State. The results are obvious in our engaged, smiling, happy and enthusiastic Nippers and families.

We continue to offer training opportunities for our volunteers in Bronze, IRB, LSV Officials courses and also introduced an Activity Leaders Masterclass (led by our Club coaches) to encourage new leaders. This resulted in 18 new Nipper Activity Leaders being recruited for the season.

Our Junior Club Captains, Giselle Northcote and Fox Handley and Junior Vice-Captains, Zoe Warner and Campbell Findlay provided

positive and strong leadership, also helping at our Multi-cultural day, Nipper social nights and Disabled Surfing day. Along with the Under 14 cohort, they proved themselves to be invaluable mentors to our younger Nippers. We hope they have enjoyed their journey with us, and we look forward to seeing them next season around the Club practising their skills and expertise.

Our most enthusiastic Nippers commenced training in October 2018 with the season concluding at the end of February 2019 at the LSV Junior State Surf Lifesaving Championships in Lorne. The weather during the intensive program over January was extremely mild and brought with it opportunities to negotiate some Point Leo waves.

Each season we aim to increase opportunities for involvement in Nipper and club activities and this year the JSLP had Sun Smart visit and provide resources and we also organised a health and nutrition session in January.

Our Junior Surf Sports Coach, Nick Clarke, continued to offer training sessions through our Junior Surf Sports Program (JSSP) and experienced an increase in attendance throughout the season. Having Nick now assess water competencies has encouraged others to attend and gain some open water training and experience before the summer begins.

This season Point Leo increased its participation in the LSV Junior Carnivals. Unfortunately, due to weather and water conditions, most carnivals were severely

impaired. However, that did not dampen our enthusiasm or appetite to compete, as we introduced some Nipper 'training carnival' days with other clubs to keep our competition skills sharp and provide essential carnival training for our competition team. Thank you to Jason Romari, our Junior Competition Manager, who navigated our way through a challenging competition season. Thank you also to all the parents, age managers and assistants, officials, coaches and water safety for their commitment, dedication and patience supporting their children and other nippers at these carnivals.

Point Leo offers participation in all beach and water disciplines and is successful in each of them at Junior Carnivals. For the first time in recent years, we participated in R & R with three Under 11/12 teams. We are also gaining momentum with our State March Past team ranking highly in only our second year back. With a new flag, a new belt, a reconditioned reel and under the coaching of Long John Silver and Jan Williams, this event is gaining popularity and makes everyone feel proud to be 'Team Leo'.

We sent 92 competitors to the LSV Junior State Lifesaving Championships at Lorne, won medals in every age level and gained a strong medal tally despite the team water events being cancelled. It should also be noted that we had a large number of Top 10 results to go along with our medals which shows the great depth of talent and skill that we have.

It was exciting that seven of our Under 13s (below) took the opportunity to be involved in the LSV Under 13 Development Camp this season with overwhelmingly positive feedback received from all participants. The camp sounded like it was a lot of fun! I encourage all Nippers to embrace the opportunities available and grab the chance to be further involved in Surf Lifesaving activities offered.

It has been a privilege to coordinate a program that supports children in developing confidence, skills and knowledge of the beach environment and open water all whilst making friends, having fun and challenging themselves. Thank you again to everyone who helped the program in various ways. You have all made a difference and played a part in our successful program. To those people wondering how they can assist – don't be shy, we always need help and would love for you to come along and get involved.

I look forward to seeing you on the beach next season. Don't forget to keep swimming over the winter!

SARAH-JO MASON

Junior Surf Life Saving Program Coordinator

Honorary Life Members

At the 2018 Annual General Meeting of the Point Leo Surf Life Saving Club Richard Ellis was unanimously voted in as the newest Honorary Life Member of the Club.

Richard joined Point Leo SLSC in late 1998 and along

with his daughter Katherine gained his Bronze Medallion on 27 February 1999. He immediately took to patrolling on the beach at Point Leo and has patrolled every year since, apart from the 2010/2011 season when he was overseas on business matters. In many of those years his total patrol hours exceeded 40 hours.

In 2001, Richard was elected to the Club committee in the role of Gear Steward, a position he held for 2 years. In 2003 he was elected the IRB captain and the following year Club President, a role he held until 2008. In season 2015/2016 Richard again took on the Presidency when Tamara Brawn was transferred overseas on business.

From 2008 to 2010 Richard was Senior Vice-President and was then Vice-President for the next 2 years. From 2012 to 2018 Richard was the Radio Officer of the Club. He is currently a Vice President of the Club.

In every role that Richard has filled he has been very much hands-on, from patrolling the beach to the top job as President. This was very much apparent when he was Gear Steward and in his role as Radio Officer when he took home and worked on Club equipment in his spare hours.

Richard served on the Club's IRB panel, was on the sub-committee that organized the Club's 50th Anniversary celebrations and in his role as President in 2005 played a major part in the whole event.

It is at the Boxing Day Swim Classic that Richard continues to make a major contribution. On the beach all day with both the radio communication system and the IRB water safety and setting up and clearing up after the event.

Since joining the Club Richard has been awarded the Dick Catterick Best Club Member Award, and also the Club Vice-Captain's Award as well as the Most Valuable Patroller Award.

In the 19 years that Richard has been with the Club he has been a wonderful team player, particularly as a lifesaver on the beach at Point Leo. He has mentored many young members and they have always looked up to him for his support and leadership. All lifesaving clubs, not only ours, require leaders like Richard Ellis.

JOHN HORWOOD

Honorary Life Members Committee

Gary Tierney Foundation

The Past Twelve Months

The conservative approach to fundraising for the Foundation adopted in the previous financial year continued over the 12 months to 30 April 2019. There were no fundraising events held with income only being sourced from donations and interest received. The Foundations initial capital base target of \$200,000 has been maintained. The situation will continue to be reviewed in the 12 months to 30 April 2020.

At an Advisory Meeting held in November 2018 the existing GTF Fellowship Grant of \$3000 was discussed and after consideration it was agreed

to increase the Grant to \$3600 (\$1200 per annum). The increase is to apply to all annual grants yet to be paid. It was also agreed to review the amount of the Fellowship Grant every 2 years.

In the past 12 months annual Fellowship Grants amounting to \$6000 were made and funding assistance of \$2800 was provided to thirteen Point Leo active members competing in the National Titles at Broadbeach, Queensland. Funding of \$600 was provided to assist a club member with the purchase of specialist competitive equipment and another \$300 was provided to another member to assist with

competition travel costs. The Foundation also contributed the sum of \$3000 toward the cost of the Club's Lifechanger program. These payments are in line with the Gary Tierney Foundation's Governance Charter.

Financials

At the 30 April 2019 the Foundation funds balance stands at \$230,461, an increase of \$2,330 over the balance as at 30 April 2018. Over the twelve month period income to the Foundation was made up of \$5,050 from donations and \$9,980 being interest from the bank account and term deposits. Details of the outgoings of \$12,700 are included in the previous paragraph.

The investment of \$70,000 in the Surf Life Saving Rescue Fund was valued at \$77,363 at the 30 April 2019. The balance of funds invested of \$153,098 is with the Bendigo Bank in cash and in term deposits at competitive rates of interest.

The Advisory Board reviews these investments on a regular basis and have maintained the conservative but slightly competitive approach to the Foundations investments.

Gary Tierney Foundation 2019 Fellows– Joshua Doherty and Samuel Richardson

The 2019 Fellowship was awarded jointly to Josh Doherty and Sam Richardson. Both Josh and Sam started as Nippers at Point Leo SLSC and have continued on to Senior ranks as valuable club members. Josh is a fierce competitor, assists teammates in a coaching role and has set himself some high ranking but achievable goals in the competition field. Sam also has been a fine competitor and has more recently directed his efforts toward Club lifesaving, marketing, and social media presence.

Previous recipients of the Fellowship Awards are:

- 2011 Lachlan Pearse
- 2012 Victoria Roadnight and Tom McFarlane
- 2013 Rose Anderson
- 2014 Jack Garner
- 2015 Isabella Ford and Zachary Richter
- 2016 Caleb Gray

- 2017 Brittany Morgenthaler and Andrew Nott
- 2018 Lachlan Robinson

Josh and Sam received their GTF Fellowship Awards at the Club's annual Muso Night on 26 January 2019.

The Future

The Advisory Board will continue to provide financial support to allow younger members of Point Leo SLSC to fulfil their potential in surf lifesaving. The Foundation will provide grants or funding as Fellowship Grants or as Single Purpose Grants.

As indicated earlier in this report, the Foundation provided the Club with an amount of \$3,000 that was part of the cost of the Lifechanger series entitled "Awaken the Hero Workshop". This involved up to 80 Club Nippers with more senior Active Members in a mentoring role and was completed in January 2019 at Point Leo. The Advisory Board intends discussing the viability of remaining involved financially in the Lifechanger series with Club management before making any future commitment.

Following a presentation by a club member, Bodhi Woods, about the Lord and Ladies Somers Camp it was agreed that the Foundation should extend its grants program to include contributions to the cost of Club members participating in appropriate development activities such as the Somers camp.

No discussions have taken place in regard to fundraising for the next 12 months.

Gary Tierney Foundation Governance

The Gary Tierney Foundation is managed by an Advisory Board. As at 30 April the Board consisted of Tom Mollenkopf (Chairperson), John Horwood, Ian Knight, Haydn Tierney, Bella Ford, Kelvin Anderson and Tamara Brawn. During the year one of the original Advisory Board members, Richard Batchelor, stepped down and Tamara Brawn accepted our invitation to join the Board.

The Foundation's Patron is Louise Tierney. Over the past 12 months the Advisory Board has met formally on two occasions and on a number of informal occasions.

The Foundation's finances are audited annually as part of the Club's statutory audit and maintains a separate bank account to ensure that donations to the Foundation are quarantined

and only used in accordance with and as specified by the Foundation's Governance Charter.

TOM MOLLENKOPF

Chairperson, Gary Tierney Foundation

Mornington Prime Cuts Point Leo Swim Classic

The weather turned it on for the 2018 Mornington Prime Cuts Point Leo Swim Classic and the crowd did not disappoint, with almost 600 entries across the four main events.

- 367 swimmers in the 1.2km Swim Classic
- 126 participants in the 2.5km Challenge
- 46 participants in the Honeysuckle Beach Run
- 60 participants in the Nipper/Novice Swim

The event continues to enjoy great support from sponsors, including Mornington Prime Cuts, Balnarring and District Community Bank Branch of the Bendigo Bank, Vantage Fuels, Burnley Brewing, Paton Estate Agents Ltd, Point Leo Foreshore Committee, and Millar Merrigan Land Development Consultants.

Each year we seem to get even better at hosting the event, with the beach set up in

record time, plenty of compliments from competitors and a great community vibe.

A big thank you to all who helped out, from those sorting out entries and T-shirts, the setup/pack-up crew, first aid team, ceremony team, food organisers, water safety personnel, pre-entry bag packers, t-shirt designer, those who manned the front gate and miscellaneous role fillers. It was terrific to see so many people turn up and lend a hand in whatever capacity they could.

The 2019 Boxing Day Swim Classic promises to be even bigger and better, with the subcommittee presently working hard to secure funding for the event.

If you are interested in sponsoring the Swim Classic or have any suggestions or recommendations, please contact Michael Treadwell on mick.treadwell@gmail.com.

MICHAEL TREADWELL

Swim Classic Director

Gear & Equipment

The 2018/2019 season saw considerable changes around the club.

Two new shipping containers were placed at the rear of the Club for storage. One container is being used to store the Disabled Surfing Association equipment whilst the other was purchased by the Club and is housing boards

and skis to meet the needs of the ever-expanding Senior competition team.

The Surf Boat section is being revitalised and storage space needs to be found to keep their equipment secure. There will be consolidation of their equipment and potential purchase of a new (second-hand) boat. The Gear Shed is being

reconfigured to accommodate and support their requirements.

The old gym was decommissioned to make way for the new uniform shop and provide additional gear storage space. This storage space opens onto the Gear Shed courtyard via a roller door and will be used to store a fully operational IRB that can be accessed at short notice. There will also be enough room to keep a number of rescue boards.

LSV rolled out their new digital radio network prior to the commencement of the season.

These radios have amazing capabilities including GPS locating, duress button and communication recording. There have been a few teething problems relating to their receiving and transmitting functionality. Improvements have been made and network enhancements should improve their performance.

The Senior board and ski trailer was modified to increase the number of craft it can carry. Nick Clarke and Andrew Gibson applied their engineering skills to add an additional level of racking. This change is significant as the trailer was not big enough to cater for the transport needs of the competition team.

As a volunteer organisation we rely extensively on the generosity of members to provide their time and resources. The Legends patrol was very active over summer and conducted several mini-working bees where equipment and clubhouse maintenance was undertaken. Thank you to this dedicated band of volunteers for the multitude of tasks completed.

A new offsite storage site was needed to store the Junior trailer. Travis Cargill has kindly come to the rescue and provided some shed space for the trailer over winter.

ANDREW WELSH

Gear Steward

Clubhouse & Facilities

There has been a lot happening!

The major changeroom works were completed just in time for the new season and have been very well-received after many years of the old damp, dark and mouldy toilets. The alternative exit on the East side of the Club has changed the way we operate and reduced internal congestion. The 'bag-drop' area has been a great success and provides a 'chill out space' for online social networking (ie. playing with your phone).

The previous excellent kitchen had to make way for the Amenities rebuild and was replaced with a 'galley' style, sponsored by Balnarring and District Community Bank Branch of the Bendigo Bank. The Patrol kitchenette also made way for the new Amenities and was rebuilt by volunteers in a corner of the Patrol Room.

The long narrow Gym had to make way for the Uniform Shop, which in turn made way for the new Amenities. Given the low usage of the Gym, it was consigned to the history books. The new model Uniform Shop works very

effectively. The timber facade of the Amenities was carried over to the Shop and the contemporary styling has enhanced the appearance of the club.

The 45 year old gear shed roof has been replaced with funding from a \$24,000 grant sourced by Mick Treadwell. This will improve security and it will be good not to have rust flakes in your IRB after every strong wind.

A small space was available opening into the courtyard and this has been co-opted as a place to keep the 'rescue-ready' IRB for easy access in after hours emergencies.

The space behind the Clubhouse was cleaned up and levelled by volunteers and made into a more usable space. Work will continue here over winter to make this into a family friendly area out of the wind.

Volunteers used the pavers from the old Gym to build a path along the East side to access the new Amenities via the rear door. This has reduced the foot traffic through the carpeted areas.

Volunteers also built three outside showers to enable sand wash-off before entering the Amenities.

Faulty wiring caused a fire that damaged many of our electrical appliances including fridges, air-conditioners and the solar power rectifier. Peninsula Heating, Cooling and Electrical from Hastings (past Club Captain Adam Woods) were fantastic in setting up a temporary supply the same day and then replacing all the damaged circuitry. The whole schemozzle is still subject to an insurance claim.

Rob and Deb Howell returned for the Winter, providing cleaning and security services.

Once again the Woods family did the Summer Caretaker role, keeping buildings and guests in order over the holidays.

For the second year we had large Cleanaway bins for landfill waste and recyclables. Segregating the Club's recyclables has been a dismal failure over many years and I have all but given up on it. If someone more enthused would like to take this on, I would be delighted.

The boardwalk has been a stunning success and is the most commented-on aspect of our beach. It is wonderful to see how many people can now get down to the bench or the sand, who previously could only stop at the top of the track and remember.

ANDREW GIBSON

House Administrator

Point Leo SLSC Bobbas

The objective of the Bobbas is to provide a vehicle through which past members of Point Leo SLSC can keep in contact with each other and also keep abreast of Club day to day matters. The Bobbas formed in 1968 when these original members found that they were drifting away from the club because of family and business priorities, and vowed that they would meet regularly and assist the Club wherever and whenever possible.

Each year the Bobbas have three lunches at the Kooyong Lawn Tennis Club and a 'Bobbas and Partners' lunch at the clubhouse at Point Leo. All are well attended although numbers were a little down at the mid-year lunches at Kooyong with a few Bobbas travelling north to escape the Melbourne winter.

The 2018 Bobbas and Partners luncheon celebrated the 50th Anniversary of the Bobbas and Don Campbell gifted a painting titled 'The Point Leo Pioneering Heritage' by Balnarring artist Margaret Rees. This painting was donated to the club and officially handed over at the Bobbas and Partners luncheon held at the clubhouse on Sunday 19 May 2019. The painting will be permanently displayed at the Point Leo SLSC clubhouse.

At the pre-Xmas lunch at Kooyong we had two special guests – Leon Wiegard, an Australian

water polo representative at the Tokyo (1964) and Munich (1972) Olympics and Charlie Lovick who co-starred with Point Leo SLSC's own Max Jeffrey in 'The Man from Snowy River' movie. Leon is one of a group of Olympians who support past Australian representatives in need and he spoke to those in attendance about that important work.

The Bobbas have welcomed Mark "Kimbi" McDermott, who has been involved with the North Cottesloe SLSC for quite a number of years, back to Point Leo. With his new nickname 'Macca', his mission is to revive the surf boat rowing section and we are certain he will be looking to the Bobbas for a little financial support. At the 2018/2019 State Titles at Warrnambool the Reserve crew swept by Macca finished third, a great start for the Leo Boaties.

Club Life Patron, co-Founder and long term Bobba, Dick Ellis suffered damage to his ankle during the year that has been taking a long time to heal, but he is on the way back and has promised to attend the next Bobbas and Partners lunch. Sadly, another long-term club member and Bobba, Ross Horwood, passed away recently.

At both the Boxing Day Swim Classic and the Point Leo Senior Carnival the Bobbas, led by

Peter Braithwaite, assisted with car parking and Alf Treadwell organised the BBQ. The Bobbas once again organised a roast dinner for the Bronze Camp participants in December and also a roast dinner at the clubhouse in January that was a successful fundraiser for the club.

Many Bobbas donate regularly to the Club and to the Gary Tierney Foundation for which everyone involved is very grateful. Hopefully this will continue into the future.

There are roughly 80 Bobbas on the mailing list, a lot of them are now getting on in years and some are finding it difficult to attend functions, but they do enjoy receiving regular Bobbas Bugles and any news about club matters. Quite a number of Bobbas are residing interstate, but they try to time their trips to Melbourne to coincide with luncheons.

The Bobbas will continue into the future but a recruitment plan for new members must be formulated.

JOHN HORWOOD
Bobbas Convenor

Point Leo SLSC First Bronze Squad Members – May 2019

Recognition & Statistics

President's Awards

Three President's Awards are presented annually, one Junior, one Senior and the Dick Catterick Award. They are the highest annual awards that the Club can bestow on one of its members. The trophies are awarded on the basis of the acceptance of the duties of a member and the provision of leadership in the Club and Life Saving Victoria activities, competitive performance, fostering of team spirit and personal conduct and demeanour.

President's Award (Junior) – James Paton

This award recognises a Junior member (U15 – U19) who has made an outstanding contribution to the Point Leo SLSC and has demonstrated leadership in one or more Club and Life Saving Victoria activities, competitive performance, fostering of team spirit and personal conduct and demeanour.

This year James assisted with IRB duties for Nippers and stepped up to take on a Patrol Captain role. He was also employed as a lifeguard by LSV and competed successfully at the State Titles. James has added substantially to the club through joining the committee and contributing to club administration and he has continued to play a key role assisting in member training.

President's Award (Senior) – Tamara Brawn

This award recognises a member who has made an outstanding contribution to the Point Leo SLSC and has demonstrated leadership in one or more Club and Life Saving Victoria activities, competitive performance, fostering of team spirit and personal conduct.

Tamara has made a tremendous contribution to the club and to the lifesaving movement. Tamara, as Senior Vice President, plays a key role in coordinating many aspects at the club and in particular Surf Sports where she is the highest level female official in surf boats and a sectional referee at Aussies. Tamara has also been instrumental this season in resurrecting the boat section at Point Leo. Tamara is also an accomplished assessor who gives freely of her time to assist in assessing our members.

Dick Catterick Award – (Best Club Member) – Nicholas Clarke

This award recognises a member who has made an outstanding all-round contribution during the season. Presented in memory of the late Dick Catterick who was the Clubhouse caretaker/supervisor in the 1970s and 1980s.

Nick has given outstanding service over the 2018/2019 season including as Nipper coach, Nipper activity leader, undertaking repair of nipper boards, loading the nipper trailer and towing to carnivals, swim assessor, Junior carnival official and water safety. Nick was the key instigator of a great new initiative for Nipper 'training carnival sessions' with 3 other clubs which was a huge success.
