

TEAM APP

This Patrol Season, Patrol 3 – Myles Irwin, Patrol 4 – Bella Warner and Patrol 5 – Liam Whitehouse will be using Team App for patrol communication.

To gain access to Team App:

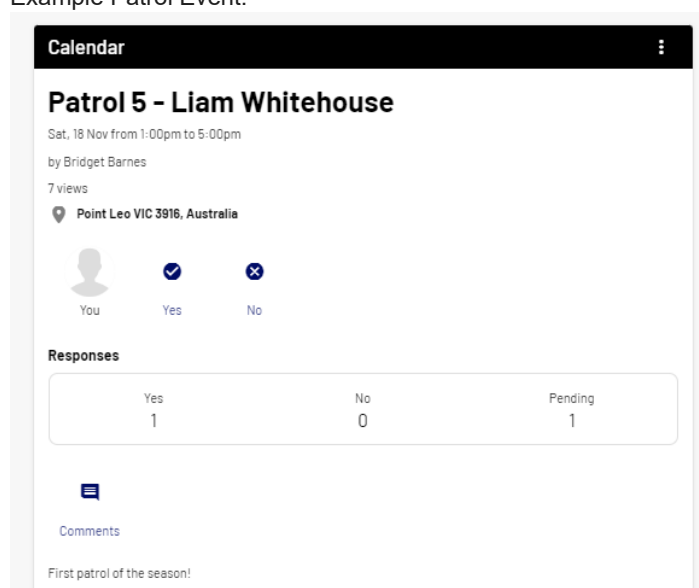

- Download “Stack Team App” from the app store or go to teamapp.com on a browser
- Create an account
- Search for “Point Leo SLSC”
- Join the relevant “access groups” to ensure you ONLY get information that is relevant for you. Carefully select the relevant access groups (eg Patrol 3 – Myles Irwin) and request access. An admin will approve your request.

Information on Team App

Team App will be used for each patrolling member to indicate whether they are attending their upcoming patrols. In the Calendar tab of Team App, patrollers will be able to see each of their rostered patrols set up as an Event.

For each rostered patrol, patrolling members should indicate whether they can attend by RSVPing ‘Yes’ or ‘No’. It is crucial patrolling members complete the RSVP so that the Captains can plan appropriately for patrol.

Example Patrol Event:

Legends and Woodchuck Patrol

The Legends Patrol and Woodchuck Patrol will not be using Team App for their communication. They will communicate through the same means as last season. Please get in contact with the Captains of the Legends or Woodchucks if you would like to be included in the Legends or Woodchucks patrol communication channels.
